

Welcome,

My name is Holly Pickle, and I am a recording secretary for The Virginia Assembly.

I am here to help get you started on your journey to become an American State National.

If you haven't already done so, go to <https://members.americanstatenationals.us/> and start creating your member account. This site functions as the **Land Recording Office** (LRO), it is where your documents will be officially recorded and made publicly available.

The easiest and fastest way to correct your political status is to complete the 1779 One Pager with two witness statements, and a copy of your Birth Certificate. Completing the 928 Package is recommended but not required to become an American State National.

Go to <https://tasa.americanstatenationals.org/correct-your-status/> to begin your education and complete your documents.

Look for the **1779 Declaration and two witness forms** that you can download and complete. Make sure to use the **State of State Notary** forms and have them notarized at your local bank (usually free), UPS store, etc.

Take your time filling out these forms and double check for accuracy. You may go to <https://thevirginiaassembly.org/> for additional information and videos on how to complete your paperwork under **Initial Steps**.

Once your documents are notarized you will email them to me for review at RShollypickle.virginia@proton.me. If you have any questions, please email me.

Once I have reviewed your documents, I will email you a cover sheet to fill out and return. Please specify the documents you are submitting. If you wish to purchase a credentials card at this time, you may do so for an additional fee of \$50. I will then prepare an invoice that you will pay electronically.

Once you have paid the invoice, I will record and publish the documents on the LRO. I will also email a copy of your documents to you. **NOTE: If you would like a hard copy with my original stamp and seal please ask.** (Priority mail with tracking is an additional cost of \$10)

For more information please visit <http://annavonreitz.com/> for full articles searchable by topic.

Welcome home,

Holly
