The Virginia Assembly  
member, The Federation of States  
d.b.a. The United States of America, unincorporated (1776)

Greetings to all County Sheriffs on Virginia:

The Virginia Assembly is in session. We operate in our unincorporated capacity as the Lawful Governance on Virginia. Our presence requires that the Virginia State Trust is dissolved and Virginia's assets, affairs and resources, including the employees of our Federal contractors, are returned to the oversight of the people/People on Virginia.

The Virginia Assembly is providing Notice to all Sheriffs of their Public Duty to Keep the Peace, uphold the Public Law and the rights of ALL men and women living on the Land and soil on Virginia. The Lawfully elected Sheriff, in his/her Peacekeeping capacity is the highest law within the borders of the County where they serve. Upon the implementation of Land Law, Sheriffs are Lawfully converted from serving as a corporate Law Enforcement Officer under commercial law and corporate policy, to serving in the intended Peacekeeping capacity of the Office. Please read the following notice and contact us directly if you have questions. We thank you for your service and we welcome the opportunity to work together in service to the people on Virginia.

## Notice:

### Land Law is in Force on The United States

**As of October 5<sup>th</sup> of 2024, The Federation of States, d.b.a. The United States of America, unincorporated has declared Land Law on all Fifty (50) Union States known as The United States (1776). Each State is geographically defined by the Land and soil with factual borders and includes all natural and physical assets.** Land Law respects the Law of Free Will and forbids usury and insurance. And it is entirely local and subjective in nature.

**This is further Notice of the restoration of the Lawful Governance on Virginia and includes stand down orders** to all service contractors, corporate entities and employees of those entities to cease operating in Maritime/Admiralty and begin operating under Land Law.

Any incorporated entity, man, woman or otherwise, who is engaged in unlawful conduct (violation of the Constitutional Contract and Land Law in general) and **trespass or harm upon our people, soil, land, air or water, must be acted upon posthaste and with the full force of American Common Law.**

The only purpose for government is to protect the people and their assets. **Sheriffs are now required to enter their Peacekeeping Offices to operate under Land Law** even if elected under a State of State, corporate election process. In the eyes of the uninformed men and women who voted for you, you are a Lawful County Sheriff. Any man or woman failing to uphold Land Law has the option of resigning or being otherwise removed from Office with the potential for deportation. The Virginia Assembly would prefer that you begin to serve and protect the Living people of your county in full empowerment of your Office under Land Law.

## Please take Notice of these Additional Facts:

On October 1st of 2024 — The **involuntary Chapter 7 Bankruptcy for the Municipal Corporation** United States, Inc/UNITED STATES, INC, was finalized and the foreign, for-profit Papist Municipal corporation was liquidated as of 1:00 pm Eastern Standard Time. This includes any Commonwealth of Virginia, COMMONWEALTH OF VIRGINIA and all subsidiaries, franchises and branches. **They are unauthorized to operate within Virginia's borders**

**The American government has been at peace since 1812 and remains so today.** However, the U.S. and U.S.A. Corporate entities (British Territorial, Papist Municipal), the successors to the original foreign service contracts for America, have been engaged in waging commercial war since 1860. The people have had enough!

Land Law requires a Peacekeeping capacity from all those who are domiciled or residing on the Land and soil of our State, particularly those who hold any office of service. It applies to all Federal/State employees of the Commonwealth of Virginia, Virginia State, Virginia State Trust and County elected officials and hired officers. If you are found to be acting against the people, you will be relieved of your duties. **Sheriffs are required to enter their Peacekeeping Offices, and Judges are required to Operate under Land Law and acknowledge the difference between a legal “person” and the living people.**

The Federal/State Subcontractors have been functioning under corporate, international and administrative law exclusively. They cannot administer Land Law but they are obligated to obey it when they enter our Dominion and must operate under the Provenance of the Living people. This Land Law is spelled out for them via their respective Constitutions and their Agencies and Subcontractors are also obligated to obey the limitations of the Constitutions while in the employ of Federal/State Subcontractors and Principals to contract. **The Principals of all foreign “governments” are entirely responsible for the conduct of their Employees, Agents and Assigns. In addition, our Public Law and Custom provides that any man, woman, human, foreign government or subsidiary, business or other incorporated entity found to be in harm or trespass against the people or environment, are considered to be Enemies of the State and will be addressed with the full force of Land Law and American Common Law.** It is the Sheriff’s duty to assist the people in cleaning up the corruption in their County. And a reminder, Federal Eminent Domain does not exist and thus, the Sheriff will ensure that corporate land grabs and unlawful home foreclosures etc. do not occur on Virginia.

**Also note that as of October 5<sup>th</sup> of 2024, all branches of the Military on American Land and soil have been Lawfully converted back to an honorable soldiery which allows the opportunity for good people to stand up within a defunct and criminal system and take right action. This is an end to the role our men and women have played as a mercenary force that has wreaked devastation around the Earth in our name and under our purloined Title IV flag.**

Our Federation of States has ingress and egress treaties in place among the several sovereign States of the Union which specifically allows American Military Forces to engage enemies both foreign and domestic within the physical borders of the States, specifically in this case, Virginia.
