## Autographing Your documents

Documents need to be autographed in a special way as described below.

**Note:** It is important to make sure you use **cursive writing** on these autographs, except for the Deed of Reconveyance or Deed of Conveyance, and the Declaration of 1779.

All of the documents, must be autographed in front of a Notary or Recording Secretary.

### Declaration of 1779 and Two Witness Testimonies

This documents is autographed by printing your name upper and lower case in **Blue Ink**.

Witness Testimonies are filled out and autographed in **Blue Ink**. Witnesses should be known for at least 7 years if possible and when describing the relationship, it shouldn't just read, "Mother" or "childhood friend."

Family members can be witnesses. If your mother, sibling, spouse, or friend will be filling out the form, a more meaningful explanation would be appreciated. It might say something like:

"\_\_\_\_\_ is my lifelong friend of 40 years." Or "\_\_\_\_\_ is my wife of 18 years."

### Acknowledgement, Acceptance, and Deed of Re-Conveyance

If you were born in the one of the fifty states of America autograph this document print with your full upper and lower case autograph but you must autograph it in **Red Ink**.

**Note:** If you were born outside of the fifty states of America and are a Naturalized Citizen then you print your autograph this document in **Blue Ink**.

### CERTIFICATE OF ASSUMED NAME

Autograph this document in cursive with your full upper and lower case autograph in **Blue Ink**.

## **ACT OF EXPATRIATION AND OATH OF ALLEGIANCE**

Depending upon your situation and how many different last names you may have the number of these documents may vary. If you only have one last name you will have three with different variations. One without your middle name, one of your middle name as a single letter and one with your full middle name.

If you have no middle name then you will have only one page of this document. If you only have a middle initial you will only have two of this document.

**Note:** The first thing you will notice about these documents is that they have your name printed out at the end of the autograph line.

You need to autograph these exactly as your name appears at the end of the line.

If your package was created with more than one last name you will have a set of three each of this document created for each name. For example, someone with three last names will have nine different documents and autographs to make.

### **Cancellation of All Prior Powers of Attorney**

This document, is here to remove, cancel, and revoke all prior Powers of Attorney you may have created in the past, thus taking back full control of any previous powers you may have given away, unknowingly or knowingly in the past.

Autograph this document with your full current autograph and fill in the day, month, and year as you do this in front of your Notary. There is nothing else to do with this document other than to record it with the rest of them. You'll autograph in **Blue Ink**

### **MANDATORY NOTICE – Foreign Sovereign Immunities Act**

This is a very important document if you need to go to court as it puts them on “**Notice**” of your status and jurisdiction. Read and understand what it says and what it imparts.

Autograph it with your full name, First, Middle, Last and make sure you fill in the day, month, and year above your autograph. You'll autograph in **Blue Ink**

### **Paramount Claim of the Life and the Estate**

This document is about taking possession of who you are and your DNA and everything related to you when you were born. It is who you were born as.

Autograph it in front of your Notary with your full name, First, Middle, and Last in **Blue Ink**.

**Important Note:** Always remember to place your red ink thumbprint at the end of your autograph making sure it covers the last couple of letters of your autograph. Do a few test thumbprints on scratch paper first as too much ink will just smear it. You only need enough ink to make a clear thumb print impression.

It is perfectly fine to place your red ink thumb print on any document you sign in the future. Always proceed your autographs with “By” and end it with “©”.

### **Sending the Letters**

The letter to the Secretary of State, Antony Blinken, is only needed for those who wish to go the route of becoming a “State Citizen”, such as to be an Assembly member or hold any state office. If you have no plans to operate in that status then this letter is also no longer required.

If your only plans are to operate in the status of an American State National the only requirement at this time is that you fill out and file with, your State Recording Secretary, the One Page 1779 Document and with the two Witness Testimonies

Letters are all filled out for you with your return address and the mailing address you will send them to for each letter. Make sure you use that address on the front of envelope you mail them in.

You’ll also want to place your “red ink” thumbprint on the autograph lines of these letters after you sign them making sure that the thumbprint covers the last couple of letters of your autograph. You’ll autograph in **Blue Ink**.

### **Letter to the Secretary of State**

Letter is two pages long. Both pages need to be autographed and the second page needs to be Notarized with a **raised embossed seal** only. Autograph both of them only in front of your Notary. You can also add your red ink thumb print at the end of your autograph if you like. Autograph in **Blue Ink**.

Make copies of both pages for your own records after they have been notarized.

Put both of the original pages in an envelope addressed to the address on page one. Mail it “Registered Mail” with return receipt requested (the green card) at the Post Office and make sure you keep your mailing receipt as proof of mailing.

### **The Commissioner of the Internal Revenue Service Letters**

These two letters should be autographed in **Blue Ink** exactly as your name appears under the line you sign on. Don’t forget the red ink thumbprint.

Make sure they are in separate envelopes and make sure the right letter ends up in the envelope with the matching address to send it to, as one is going to New York and the other is going to the District of Columbia.

Mail it “Registered Mail” with return receipt requested (the green card) at the Post Office and make sure you keep your mailing receipt as proof of mailing.

They will be put into your IRS records Master File for future reference.

All of your 928 paperwork documents are now ready to be sent in for recording and all “Letters” should now be completed and ready to be mailed to their appropriate locations.

## How to find a Notary or State Recording Secretary

You can have your paperwork notarized by a State of State Notary in your county or state. Many banks and some post offices offer a Notary service.

You can also record your paperwork at the County Land Recording Office.

If you don't know who your State Recording Secretary is, please click the link to get in touch with a State Coordinator to find out: <https://states.americanstatenationals.org/state-coordinators/>
