## Greetings to all Virginia Corporate Justices and Attorney General Jason Miyares,

In 2019, The Federation of States (<https://tasa.americanstatenationals.org/>) called the several states to assemble after more than 160 years of criminally imposed interregnum. We are **The Virginia Assembly**; men and women standing as "We the People" of the original Land and soil Jurisdiction on Virginia. We are properly declared State Citizens on Virginia and we uphold and

administer **the unincorporated State of the Union (1776)**; one of fifty (50) nation-states comprising The Federation of States (*The United States of America, unincorporated*). We have claimed our rights as the Paramount Security Interest Holders and Priority Creditors of the UNITED STATES and all associated franchises.

**The Virginia Assembly is the Lawful Self-Governing Body on Virginia** which arises from an assembly of the people. **The Living Courts and people/People of The Virginia Assembly hold superior concurrent General Jurisdiction over all incorporated courts on Virginia.** Let it be known that this *Introduction, Notice of Jurisdiction, Crime and Trespass* expresses the **unanimous Will and Intent of The Virginia Assembly**, standing as and for the people on Virginia. All facts stated herein are true to the best of our knowledge and comprehension.

We live by the clear and simple precepts of: **Do No Harm, Be in Honor, Act in Kindness and Leave Life Better.** We hold our responsibility to act for the benefit of the people, and to nourish and restore the Land, Air and Water (**LAW**) on Virginia to be of primary importance. We affirm that we have declared Peace, will Keep the Peace and uphold the Public Law for the people on Virginia (see Federal Record <https://tasa.americanstatenationals.org/federal-record/>). **We extend our Honor and our hands in friendship and Peace.**

---

### Notice:

#### **American Common Law Courts of superior General Jurisdiction**

**We are pleased to inform you that we have the Provenance, standing and status to provide proper American Common Law Courts of superior General Jurisdiction on Virginia and these Living Courts of Record hold supremacy over all courts of limited jurisdiction. Our Courts will determine any issue or claim that presents actual or potential harm or trespass against the people on Virginia. We consider the facts of any individual case and the Law itself. We hold the power to nullify foreign "law" implemented on our Land and soil and any law that is unjust, unlawful and/or harmful to our true nature as the living people.**

---

We realize that due to hierarchy, compartmentalization, blatant withholding of information and the presentation of outright lies, you may not be fully apprised of what is True; however, we consider this to be additional Notice.

In law, as noted above, Notice to Principals is Notice to Agents, assigns, and successors, and vice versa. We believe that if those in Office who have received prior Notice from The Federation of States and/or The Virginia Assembly, and who have performed their duties and responsibilities appropriately, then **you will already be informed of the facts contained herein. If you are unaware, know that your principals have failed you by withholding this imperative information** and that each man or woman who stands in continued opposition to, or ignorance of these facts, will be held liable in both a private and public capacity for continuing in harm and trespass to the people on Virginia. All men and women in receipt of this Notice have cause to know that their actions allow impersonation and enslavement through press-ganging the living people into foreign courts and foreign jurisdictions that deal only in legal fictions and that generate income for criminals and malicious intent.

The Virginia Assembly  
member, The Federation of States  
d.b.a. The United States of America, unincorporated (1776)

**For over a decade, the unincorporated Federation of States, doing business as, The United States of America, unincorporated (1776), has provided International Notice and informative materials to educate those holding office in the incorporated, U.S.**

**“Government”, its State-of-state franchises, successors and subcontractors, and other nations of the world regarding the crimes of treason, personage and usurpation occurring against the American people/People and the true American Government.** The Federation has completed proper Due Process in all Jurisdictions (LAW), much of which is pertinent to the duties and responsibilities of your office and the continued fraudulent and criminal nature of Admiralty and Maritime courts being misapplied against the living people. Please see the attached *Historical Data and Overview* and the *Full General Information for Attorneys, Doctors, and Politicians* for evidence of Notice and Due Process, historical references and precedent.

**In addition, The Virginia Assembly has sent Notice and informed key Principals of the incorporated Virginia and U.S. Government** of our provenance and standing as the people/People. Among those notified are Governor Youngkin, U.S. Trustees, county Sheriffs and others. These Notices may also be found on the Notices and Claims tab on our website. In acknowledgment of these facts, any further usurpation beyond this additional notification will be seen as clear betrayal of, and trespass against the people on Virginia and our Country. We require you to administer your Office in favor of the living souls and Life in general, and not for your incorporated employers who are acting in open treason against the people of the American nation-states.

We acknowledge and act upon our responsibility to ensure and require that those holding a British Title of Nobility or Honor, Office or employment for any Federal Service contractor, their subsidiaries or any agencies arising from those organizations, act in accordance with the three (3) Federal service contracts called Constitutions (The Constitution for the united States of America -1787, The Constitution of the United States of America -1789, The Constitution of the United States -1790), the Virginia Constitution and the Public Law. **All must uphold the Constitutional Protections, the Natural and Unalienable Rights of the people on the Land and Soil on Virginia and administer their delegated and Official Duties and responsibilities from a place of Honor and Integrity.**

**Our country, our nation-states and our people are amidst a state of severe distress, harm and trespass purposefully inflicted by criminal, corporate, governmental service providers impersonating Lawful governments and using extreme force against the people.** We are living under corporatocracy, and technocracy commingled with the Military/Medical Industrial Complex and an ancient lineage of Eugenicians with long term plans. These plans are orchestrated by unelected, globalist “elite” and implemented by misguided, misinformed and/or malevolent employees of their incorporated “governments” such as Law Enforcement, Medical Doctors and Nurses, the Military, and the severely weaponized Maritime and Admiralty Court systems where our Names/NAMES are used by those acting as **public Usufructs in Breach of Trust, under Color of Law and false presumptions of war.**

**Be aware that impersonation, identity theft, and misrepresenting your limited positional authority as broad sweeping powers and usurping our American political status in your court or incorporated governmental system is a capital crime in international jurisdiction.** The Maritime and Admiralty courts currently being staffed by BAR Attorneys, imposter Judges and Justices, Clerks etc. are operating in a foreign capacity with respect to Americans and are required to provide full disclosure to the people and/or stand down immediately. These courts

The Virginia Assembly  
member, The Federation of States

are operating under the British Crown corporation and any reference to Virginia as a Commonwealth (under British rule) speaks only to an overlay of foreign law on our land and soil.

**Our lives have been diminished by the theft of our names/Names/NAMES, our assets, our time, our energy, our attention, our Peace and our Freedom.** The men and women of The Virginia Assembly have devoted much time compiling the history and evidence of the broad sweeping crimes underway. We require Due Diligence and provide this information as Notice to you of the breadth of our comprehension of facts. It is your Public and Official Duty to review all information herein and otherwise recommended in the attached documentation. In addition to three (3) physical copies, you will receive a digital copy of this message and all attachments. This will facilitate distribution to Principals, Agents, corporate Officers, and Employees, all of whom would benefit from access to this Notice and clarifying information.

**It is time for full disclosure** of the true nature of the circumstances we find ourselves in. We demand immediate course correction for the unfathomable harm and trespass that is occurring on our state and to our people. We will no longer tolerate the continued implementation of the destructive plans of the unelected bureaucrats and their minions.

**We, the living people on Virginia arrive in the present moment with a resounding We Do Not Consent!!** Let there be no question or doubt. There is no one acting within these fictional, incorporated capacities or within the theater of your court rooms that has authority over, nor even the right to address, the men, women, sons, and daughters who have declared their political status as Living souls; state nationals born on the Land and soil of our nation-states. We are the men and women on Virginia who acknowledge, embody and wield our provenance and standing as properly declared American state nationals. **We are not under your jurisdiction or positional authority; however, we do not stand “against” you.**

**It is our belief that many transgressions and actions taken under duress may be forgiven when acknowledged in full disclosure, honesty, and remorse.** The people require education, protection, cessation of, and relief from the assault on our physical, mental, emotional, financial, and individual energetic expression.

When one undertakes Due Diligence and engages with evidence of harm, **the facts cannot be avoided.** It is the responsibility of each man or woman in positions of perceived “authority” or otherwise, who comes upon what is true, to inform and notify those that remain unaware and may be reached through notification by their Office and influence. **It is essential that each man or woman undergo deep self-scrutiny and come to understand the results of their action or inaction.**

**We ask that you contact The Virginia Assembly to schedule a meeting, within fourteen (14) days after receipt of this missive.** If this communication is not forthcoming, we will proceed with further action as may be necessary to include a **Notice of Liability** against both your Corporate Office and you as a man or woman in your private capacity. **We look forward to assisting you in strengthening your resolve to begin acting for the benefit of our people and our nation-state, and gaining the correct comprehension of your delegated authority.**

Please forward all communications and questions to **The Virginia Assembly, P.O. Box 438, Gainesville, Virginia [20156]** and/or [IBA.Virginia@proton.me](mailto:IBA.Virginia@proton.me).

**We provide some recent Notices and words from our Fiduciary, Anna Maria Riezinger and our Head of State, James Clinton Belcher:**

*"The U.S. and US and USA and UNITED STATES and now, the "AMERICAN GOVERNMENT, INC." have been caught illegally converting the political status of Americans to that of British Territorial U.S. Citizens thereby denigrating our political standing. These corporate entities are illegally confiscating our assets and evading their own obligations owed to us under the three (3) Original Federal Constitutions that create their entire Incorporated Government Structure."*  
Anna Maria Riezinger, Fiduciary, The United States of America

*"The most recent plan to feed upon us was even worse. The perpetrators -- the Municipal Government --- doing business as the "UNITED STATES", intended to spend itself into oblivion, declare bankruptcy, and saddle Americans with its debts for the next five hundred years. Worse, they intended to foreclose on our ESTATES and make false claims on abandonment, allowing their own Secondary Creditors to come in and seize our lands and homes and conscript us to forced labor---- again, to pay their private debts.*

*Against this backdrop, in November of 2015, we took action to fill the gap and forestall this outcome. Acting as Head of State for the unincorporated (actual) United States of America, I contracted with the Native nations of the Athabascans and Lakota Sioux, to become the new federal service providers. As a precaution, I also issued new Sovereign Letters Patent, and we also issued a Joint Declaration of Sovereignty with our new federal partners, upholding The Declaration of Independence and expanding it to include all Americans.*

*We are set upon a path to correct the errors of the past and clean up the disgusting mess in Washington, DC. Please spread the word to all Americans everywhere on Earth. We waited until the last minute, hoping that the Queen and the British Crown and the Pope and all those others responsible for this Mess would do the right thing and take corrective action, but on June 29, 2017, we entered our claim to restore all land and land assets to the American states and people they naturally belong to. We gave the rats three days' Notice, which is all we owed them, in consideration of the extensive efforts made to give sufficient International Notice for the past ten years."*
