Subject: DWR South Delta Gates Project – Biannual Meeting #1, April 2, 2025

DWR South Delta Gates Project – Biannual Meeting #1

The California Department of Water Resources (DWR) is pleased to invite you to the first Biannual Meeting for the potential South Delta Gates Project (Biannual Meeting) on April 2, 2025. The purpose of the Biannual Meetings is to provide information about the project, updates on current planning efforts, and to gather input from interested parties.

Event: DWR South Delta Gates Project, Biannual Meeting #1

Date: April 2, 2025

Time: 3:00-5:00 p.m.

In-Person Location: Lathrop City Council Chamber, 390 Towne Centre Drive Lathrop, California 95330

If you plan to attend in person, please RSVP at <https://forms.office.com/r/hYecxQGaiT/>

Virtual Attendance: If you plan to attend virtually, please pre-register by clicking the link below:

https://us02web.zoom.us/webinar/register/WN_Y-V4uBfTSv6fTtSTxkV1cg#/registration

Background: The California Department of Water Resources (DWR) is considering installing permanent operable gates, known as the South Delta Gates (SDG), to replace the current agricultural barriers (Temporary

Barriers Project) in the south Delta. Throughout this process, DWR will be engaging interested parties to gather input and feedback regarding the potential project’s development.

If you need accommodations or language interpretation for this meeting, please indicate your request in the in-person RSVP link or Zoom registration link above. Requests must be made at least 5 business days prior to the meeting.

For more information about the potential SDG Project, please see the attached factsheet. To submit questions in advance of the meeting, please email them to SouthDeltaGates@water.ca.gov.

For SDG project inquiries or to be added/removed from the SDG mailing list, please email the Project team at SouthDeltaGates@water.ca.gov.
