This book is about the Millennial Reign found in the Bible.

This is fictionalized speculation, a sort of "What if . . ." story based on one historic position that there will be a literal reign for a thousand years which still lies in our future.

When the Emperor returned from the invisible realm several things happened.

First, the believers who had died in faith were resurrected and given their Immortal bodies.

Second, the believers who were living on the earth at the time of the return were transformed instantly and given their Immortal bodies.

Third, those living at the time of the return who were not believers remained mortal and fell under the rule of the Emperor and the Immortals who serve Him. The mortals are born, bear and raise children and die as all mortals do.

Fourth, the Enemy and his legions are bound for the Thousand years. Mortals still seek to rebel against the Emperor because of their fallen nature.

Fifth, those who had died who were not believers remained in their graves until the end of the Thousand year Reign.

This is the double book edition which contains Reign: We See Him As He Is & Reign II: A Story Of The Seventh Millennium.
