East Tennessee Elite Football provides recreational sports activities to student/athletes such as; speed agility quickness training and specialized camps for age groups 10U to HS. We also create opportunities to develop fundamental and advanced football techniques combined with a 7v7 format to enhance skill ability (with 7v7 club teams).

The purpose of East Tennessee Elite Football programs are to instill the core values of discipline, teamwork, safety, respect, integrity, social skills and building life-long relationships through sports. Participants in our program must maintain a 2.7 grade point average, complete at least 25 hours of community service annually and attend mentorship meetings.

East Tennessee Elite Football was founded by Rory Gibbs in an effort to help at-risk youth in the community. We offer guidance to help student/athletes navigate hardships of their daily lives and increase academic achievement/graduation rates while reaching their full athletic potential. ETE educates student/athletes not only in their sport, but in all aspects of life.

Being a part of ETE's program opens up opportunities to play the sport they love at the collegiate level and/or post-collegiate in professional sports. It is our goal to support student/athlete in achieving success through their entire athletic career. For high school athletes, ETE contacts college coaches, attends college camps and participates in national 7v7 tournaments.

East Tennessee Elite Football is a nonprofit organization that is operated by a five member board. Each board member is diverse in profession, yet share the same goal of creating opportunity for generations to come.
