

East Tennessee Elite Presents

The Knoxville Seahawks

East Tennessee Elite Football provides various recreational sports activities including: speed agility quickness training, specialized camps for K-12 youth and opportunities to develop fundamental and advance football techniques combined with a 7v7 format to enhance skill players ability (with 7v7 club teams).

East Tennessee Elite Football would now like to announce that WE will be adding Youth League Flag and Tackle Football, this coming Fall, to the various other recreational activities that WE currently offer. WE realized throughout this current 7v7 season that there was an absence of the definitive basic knowledge and fundamentals of the game of football. We knew then that we needed to fill that void at a younger age, so we decided to add Youth League Sports to our recreational activities. With this new addition of Youth League Sports, current and future athletes of East Tennessee Elite will see their knowledge and skill set in the game of football and other sports that they participate in elevate to a higher level of performance.

East Tennessee Elite will be joining the Knoxville Metro Youth League Football Organization under our Youth League Moniker, The Knoxville Seahawks. We will initially offer three football teams this fall, unless the registration numbers require more. We will field two teams in the Flag Division of 6U & 8U and a tackle team in the 10U division. If you are interested in signups and more information, please email Commissioners Rory Gibbs & Shazzon Bradley at 865Seahawks@gmail.com. Our registration links will be available by PayPal and CashApp here shortly. You may also register at www.easttnelite.org under programs. Click the tab Youth League Flag & Tackle. Fly High and shoot for the Stars!!!
