There is shopping for groceries, restaurants, and a liquor store in nearby towns of Magnetawan and Burk's Falls about 15 -20 min away. Remember we are on an Island so getting to the grocery store is a little more difficult. I would advise to try and bring all your food with you. We are only 600 m from the mainland so you can canoe or kayak over to the landing if you need to run into town. We also have a little coffee shop called Bean on the Dock open mornings for delicious espresso drinks and pastries.

We Provide:

Bed sheets, blankets, pillows, BBQ, propane tank, picnic table, outdoor Muskoka chairs, cleaning supplies, broom, mop & pail, stove, microwave, toaster, coffee maker, kettle, kitchen cooking equipment & dinnerware, toilet paper (we are on a septic system – only 1 ply or paper that specifically says septic friendly)

We have put in a water filtration system with UV lighting so now the water is safe to drink from the taps. You no longer need to bring drinking water.

We supply garbage/recycling bags we just ask you bring your garbage home with you for disposal because there is no area for garbage disposal on the Island. When recycling properly you should not have too much garbage.

Life jackets / PFD's (although we provide some to be used at your own risk, life jackets /PFD's should always be properly fitted to provide appropriate protection – you must provide kids sizes)

Canoes, Kayaks, paddle board, paddle boats, are free on an as-available basis.

We also have 5 small aluminum boats with motors you can rent. Best to book in advance.

Most of all – HAVE FUN & MAKE SOME GREAT MEMORIES!
