

# GRINCHY 2020 TEMPLATE

1. Precut (Saral) transfer paper 6 inch height and 5 inch width.

2. Place the transfer paper overtop of the image on the **backside** of this template with the **chalky side** facing you.

3. Place tape on the corners of the transfer paper, making sure **not to cover any part of the image**.

4. Precut tape to secure the template around the bottle.

5. When securing the template, making sure it is **tight around the bottle**. The recommended placement is marked on the template sides.

Chalky side facing you

6. Using a number 2 pencil, trace over the outline of the image on the front side of the template while tightly secured to the bottle. Before taking the template completely off **double check the image** is complete on the bottle.
