## 2026—CELEBRATING 31 YEARS AS A MODEL A FORD CLUB OF AMERICA

The Golden Triangle A's have been serving the Southeast Texas Model A community since January 10, 1995. With regular meetings, tours and activities, it is our goal to unite all Model A Ford owners and help in restoring, maintaining and preserving these automobiles. We strongly encourage all our members to join the Model A Ford Club of America.

## The Prez SeZ.....

Hello GTA members! I hope everyone stayed warm and dry during the late-January cold spell we had. Our January Dine & Drive got modified somewhat due to the weather and then cancelled all together when the tour guide for the St. Anthony Basilica called and said we needed to reschedule. Look for an update on this event to be rescheduled.

Someone recently asked me while getting gas for our Blindback about the heater in the car. I just smiled and pointed to the quilt on Pam's feet and the wool blanket on her lap and said, "it's a basic simple system, but it works." They just laughed and got in their heated SUV and drove away unimpressed.

The Ford Model A vehicle is really a simple, easy and affordable car to own. Once you get your Model A running well, it's best to just keep it maintained and not make things complicated. Henry Ford would appreciate that. Driving and maintaining your Model A regularly will make the touring season so much easier and much more fun.

The January club meeting at Carmella's was fun and well-attended. We had plenty of room and the food was great. Hopefully, we will be going back there again soon. The Texas Tour in June is really not that far away so be sure to get your reservations turned in ASAP.

Our Dine and Drive event calendar for 2026 is still pretty open so put together a morning or day event and let me know what you have planned. It takes all of us to participate to have a successful club.

Now, go check the air pressure in your tires before you drive around the block. You probably lost a few pounds during the cold weather.

Happy Motoring, Bob

## The Model A's Big Brother—the Model AA

Did you know Ford made a larger version of the Model A? It had a longer wheelbase and heavier frame but the design for both shared many common parts and materials! (The AA's were work vehicles and so had plainer interiors than the Model A, but they had the same engine, carburetor, six-volt generator, and electric starter, just to name a few. It did have heavier duty components such as a bigger radiator, different gear ratios (to pull heavier loads) and different rear suspension (again, due to heavier loads). AA's had spoked wheels in 1928-29, but much heavier than the Model A. In 1930 and 31 new style slot disc wheels were used. Here are a few pictures of AA's made for different commercial uses!

**NOW, LET'S GET READY FOR THE TEXAS TOUR ERA FASHIONS GALLERY WALK!**  
 ALL THE PICTURES SHOWN WERE TAKEN FROM PAGES IN THE MAFCA FASHION GUIDELINES.

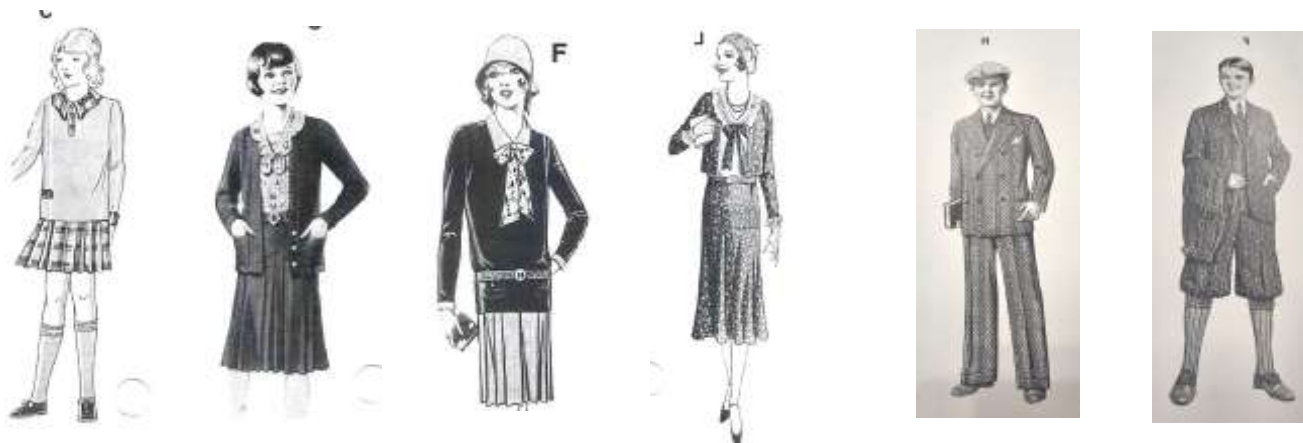

**GENTLEMEN:** Men's styles did not change much during the Model A Era. Here are some examples of what a man might wear. (The last picture on the right is for T. J. because last year he looked just like the picture!)

**LADIES:** Ladies' styles did change during the Model A Era. Here are some pictures of what a lady might wear. Notice how the skirt length got longer and the belt moved up to the natural waistline a little at a time.

**YOUNG MEN & LADIES:** Before the age of 14, girls and boys were still considered to be children. The MAFCA Fashion Guidelines put young ladies into 2 age categories, 7-14 and 14-20. Clothing for boys ages 6-18 changed very little during the Model A years. From the age of about 16, boys wore much the same as men.
