

Accessing your Office 365 Email/Account

You will need your Office 365 Email/Account to take quizzes in Mr. Hendry's class.

You will need to log in using your username and password that you use to get onto the school computers, adding the **@k12.sd.us** to the end.

For example:

Email: ph1234@k12.sd.us

Password: PH-54321

Now you will have access to our online quizzes and tests. You should only have to log in one time but may have to log in again on future quizzes if you are using a new phone or computer.

Any questions – email Mr. Hendry at Paul.Hendry@k12.sd.us.
