To whom it may concern:

I am writing on behalf of Whittney Clark , who served as an independent contractor with my practice. It has been my great pleasure to know Whittney over the past 3 years as social media and web designer for our Healthy Beautiful Me project. I find her to be an extremely personable woman. In my experience, Whittney is dependable, discrete, likeable, loyal, honest, enthusiastic and realistic in her expectations.

I have worked with many web designers and social media coordinators over the past several years, and Whittney stands head and shoulders over most, not only in demonstrated initiative, intelligence and creativity, but also in her ability to function as a productive member of our team. Her intellect is matched by her ability to communicate clearly, and to project an open, friendly persona to others regardless of their level of expertise.

Whittney's excellent communication skills, positive outlook and pleasing personality enhance her natural leadership qualities. Whittney's willingness to accept challenges and listen to input enable her to contribute thoughtful, well-reasoned approaches to helping us solve difficult problems.

I have observed Whittney's involvement in our project and she demonstrated deep commitment to the Healthy Beautiful Me Project. For example, when we launched Healthy Beautiful Me, we needed a web presence immediately and Whittney was able to complete the website, create social media buzz, and solidify online directory presence in less than 15 days, a remarkable achievement.

PAUL Angelchik MD Plastic Surgery

Although ultimately we decided as a practice not to continue the Healthy Beautiful Me project, Whitney's hard work, and creative marketing solutions in no way are a reflection of our practice decision to shelf the project.

I believe Whitney to be an excellent candidate for any internet marketing or administrative position within a plastic surgery or other medical practice. I have no doubt she will prove a valuable asset to you and to your organization. Please do not hesitate to call with any questions.

Sincerely,

Paul D Angelchik MD
