

Kiosk Docking Station

ZCS-HYT65

Superior design Superior performance

The ZCS-HYT65 is designed to acquire, store, and manage the digital evidence from the body worn camera (BWC), charge the BWC, calibrate the time of the BWC, and clear the data on the BWC, and more. The 19-inch touchscreen is large and intuitive enough to ease your operations. The fingerprint recognition module enables you to log in to the product just by one touch. The product is widely used in justice, emergency, market supervision, transportation, energy, and more.

Fingerprint recognition

Make login much faster and data more secure.

**Fast acquisition
Fast charging**

Acquire evidence simultaneously from 20 BWCs in 50 minutes with the speed over 10 Mbps. Charge the BWCs during acquisition.

Unattended mode

Acquire evidence automatically when the BWC is inserted.

Massive storage

Provide you a storage up to 64 TB, as well as cloud storage.

19-Inch HD touchscreen

Easy to manage audio and video evidence.

Ergonomic design

Enable you to operate in a comfortable posture with the Kiosk design.

Specifications
