

# Wall-mounted Docking Station

EDS50

**Secure Smart Scalable**

The EDS50 is a wall-mounted docking station that acquires, stores, manages digital evidence from the body worn camera (BWC), and charges the BWC. With built-in modules such as NFC, fingerprint, electronic lock, and WLAN, the EDS50 is more intelligent with high-level security. It is applicable to justice, market supervision, emergency, transportation, emergency, and more.

**Wall mount**

Mount the EDS50 onto the wall, giving maximum flexibility and saving valuable space.

**Secure and smart design**

Lock the pocket door automatically. Tap the fingerprint or NFC card to unlock it. Associate evidence with officer ID.

**More pockets**

Extend the pocket to support a maximum of 24 BWCs simultaneously.

**Plug and play**

Acquire the digital evidence and charge the BWC without cables, thanks to the contact design

**Audible and visible reminder**

Show you the progress of acquisition and charging through the LED indicator and the Voice Broadcast feature.

**Remote upload**

Enable you to upload the evidence through the WLAN.

Specifications	
Display	13.3-inch touchscreen
Resolution	1920 x 1080
Memory	8 GB
Hard Disk	4 TB/8 TB, can be extended to up to 32 TB
Quantity of Acquisition Pocket	6 (standard); can be extended to 24.
