

RULES OF PLAY

No shoes or trainers to be worn on the play equipment

Children who are unwell must not use the facilities

No food, drink, sweets or gum to be taken on the play equipment

Sharp objects such as pens, pencils and jewellery must not be taken into the play areas

Socks must be worn at all times. Children are asked to wear long trousers and long-sleeved tops

Height and age restrictions are in force for the safety of all children

Parents/carers must supervise children at all times

Our staff have access to the first aid equipment

Play nice and fairly with other children

While Panda-Monium Playtime and its employees attempt to ensure the complete safety of our visitors it is the responsibility of parents/guardians to supervise and accompany children on the site with a ratio of one adult for every five children over five years old and one adult for every three children under five years old.

As parent/guardian you must remain within the building at all times, observe your children to ensure that they are capable of using the equipment safely, explain these rules of play to your children and monitor their behaviour.

Parents/guardians know their child's capabilities and behaviour best and so should ensure an appropriate level of supervision to reflect this.

Abusive/aggressive or any behaviour deemed to be unsuitable towards any member of the Panda-Monium Playtime team or other members of the public from either children or adults will not be tolerated under any circumstances. The management reserves the right to enforce total bans.

Panda-Monium Playtime encourages children to play, run free and explore in a safe and stimulating environment. As such, there are inherent risks that are always associated with children playing and having fun together, these include children being exposed to moderate physical activity, tripping, falling and bumping into fixed objects and other children.

Panda-Monium Playtime has taken every reasonable step to control these risks through the design, maintenance and operation of these facilities. However, it is impossible to eliminate such risks completely whilst providing a stimulating environment and parents/guardians must recognise and accept this risk.
