

We are looking to organise more activities such as holding a Cookery Corner to share ideas for BBQs, Cadac, Ramoska, Ridge Monkey or Air Fryer. Again, do you know of anyone with cooking skills and experience who would be prepared to share their knowledge? Or maybe you have a really good idea of something you would like to see included during our Festival. Please do get in touch, we'd love to hear from you. Please reply to [annet@themotorcaravannersclub.co.uk](mailto:annet@themotorcaravannersclub.co.uk)

**INTER- GROUP COMPETITIONS:** We are keeping some of the traditional activities, as well as introduce new ones. We would like to get every Group involved to hold as many inter-group competitions as possible. To achieve this, we are asking Groups to organise one of their favourite competitive game or activity with the aim of amassing points throughout the rally.

Please contact Phil [phil.svmcc@gmail.com](mailto:phil.svmcc@gmail.com) if you have any ideas.

Points will be added to the various inter-Group competitions: the Homecraft Group Entry, Intergroup quiz, and the best decorated Group table on Party Night. Do consider entering teams for these. Remember, individuals can contribute to the Homecraft Group Entry without having to attend the rally. (For Homecraft individual entries however, the member must be attending the rally).

**INDIVIDUAL COMPETITIONS:** We have retained the Homecraft Competition and Dog Show. Your members have the opportunity to enter the various sections of the Homecraft competition – all the details are in the Handbook. Selma McMullan is our Homecraft co-ordinator and entries need to be registered with her. If you know of any of your members who may wish to share their craft or hobby with others, please ask them to contact Selma : [homecraft@themotorcaravannersclub.co.uk](mailto:homecraft@themotorcaravannersclub.co.uk) If anyone wants to enter their canine friend into the Fun Dog Show, they will be able to sign up at the Festival.

**BOOKING FORM.** The booking form will be available in the magazine and online on the Club website. Please inform your members and keep an eye on the Club website.

**GROUP MARSHALS** – This year we are **not** asking for Group Marshals to park members up as the site is smaller than a showground and members will be parked up as they arrive. However, it would be good to have two named members of your Group to be a point of contact.

**GROUP CONFERENCE** – your Group's chance to raise items for discussion with members of the Council of Management. Any issues you want to be discussed need to be submitted in writing - Les Kendrick will contact your committee with information about this. You may wish to consider who will represent your Group at this meeting.

**PARTY NIGHT on SATURDAY:** The Party Night theme is “**School Days**” and it is hoped that Groups will participate in decorating their tables and wearing costumes in line with the theme. Please choose your own take on that theme! Please note, table decorations must not be above a height of 30 cm (12 inches) to avoid blocking other members' view of the entertainment.

**FIRE EXTINGUISHERS** In order to reduce costs at the National, it would be very useful if Groups would bring along any Fire Extinguishers for use in their own camping area. If you can help in this, please would you inform us of how many and what type would be available in your camping area.

Looking forward to seeing you at the Inter-Group Festival.

*Sue Pilkiv*

Inter-Group Festival Secretary
