10<sup>th</sup> house in a kundali suggests WHAT YOU WILL BE DOING IN THIS LIFETIME?

Astrologers believe that 10<sup>th</sup> from Lagna (Ascendant) or 10<sup>th</sup> from moon – whichever is powerful in strength, prediction on career should be given accordingly. But with respect to number of research of my GURU and me, we can't compare the comparative strength between the two. One is a house (BHAV) and the other is a planet.

But 10<sup>th</sup> house itself being the biggest mystery for many learned astrologers also. With the diversification of career choices and new areas of research, we came to a conclusion that for judging 10<sup>th</sup> house correctly, you should give importance to 10<sup>th</sup> lord, 10<sup>th</sup> house, 10<sup>th</sup> house in navamsha, 10<sup>th</sup> house lord in navamasha, Dasha lord, most important planet in kundali or we say the most powerful planet in Kundali.

Let's cut down to most simple examples:-

If Jupiter with 10<sup>th</sup> lord along with Mercury sits in your 10<sup>th</sup> house of your lagna chart, then the person will be associated in making temples.

If Sun along with Saturn sits in 10<sup>th</sup> house of navamsha in malefic signs then the person receives discredit and shame from enemies.

Venus along with Jupiter in cancer sign in 10<sup>th</sup> house gives a lot of fame and fame comes from all 10 directions.
