Along with the help of her Great Cousin and Paternal Grandmother she began on her way to succeeding in Music. Tammisha's parents and grandparents did not know much about the industry, but did the best they could in satisfying the young inspired female in pursuing her dreams just at the age of 4.

Tammisha grew up in the South Park area where she attended a Head Start and participated in the Queen and King pageant winning second place. She began her educational journey at Alcott Elementary where she was involved in many accelerated events and societies. More than 100,000 people attended the young entertainer's first performance as the R&B/Hip Hop group "702" opened the show. 702 and Tammisha were spoke to in regards to her joining the group but her age (14 years old) wasn't wanted at the time.

Tammisha found the fantasies of Six Flags Astroworld's Studio Booth a great place to practice her pitch and tone for vocals.

Piano-ist Prince Hall of Third Ward's Blue Triangle YMCA lectured Tammisha with the astonishing sounds of his Baby Grand Piano, teaching Tammisha the chords to the Piano and the physical motions of the motions in "fingerworks". She also has taken Drum.

After the ambitions of her parents and grandparents attempts to make her the Star she always dreamed to be failed, she took the matters and considered it as a responsibility that she had to take, opening up resources to communicate with agencies in the progression of her music and acting career.

"Communicating with Music and Entertainment Resources is often hard, she says "with so many scams out there across the world, I continue to waste money". " But I can say that I am finally getting somewhere". Tammisha's first Music Release was with HillTop Records with the release of lyrics to a song she wrote titled, "The Grand Ol' Flag". A Project that I was asked to be involved in.

With many other underground recordings and as a participant in mixtapes, Tammisha's next hit was discovered on ReverbNation (song: Need to Know). Heather Headley has commented on the sounds of the song written and sung by Tammisha titled, "Need to Know" on the MySpace website.

Creating her own Genre of musical inspiration, Tammisha has found herself overwhelming a crowd of people in Public Places with astonishing lyrical motivations from her voice. She wows a crowd with her flavor of R&B/Jazz sensations that are so surprisingly astonishing. Her Spoken Word Rap/Hip Hop astonishes the same type of crowds. More known in her Spoken Word Rap Hip Hop from a Multicultural Perspective from making herself known she decided to Rap releasing R&B sometimes. Awking the crowd, correcting the misbeliefs of her talent, she has touched souls and lives with the rhythm and style that she contributes to the Music Industry. Her sound is new and fresh out the oven with a mixture of Spoken Word, Rap, and R&B all in one. I also have some Rough Tomboy Reggae songs wanting One to premiere on Each Album.

Misbeliefs were the judgements of her clothing and style which is Boogie Nights and Hippie as she totes a Guitar randomly.

Some songs, such as "Puppy Love" which is going to release on Album 1, she uses a Guitar, unless the Record Label says to sing the Hook R&B style which is one her preferences."

No one knew that she sang the type of style that she did, until she was noticed on April 5th, 2015 by The Akademia Music Awards and Producer Major Keyz from a website source known as ReverbNation, at the time named as (Artist #4034031 "Physicale aka Koala Bear) discovered by the Hit Song "Need to Know" written by Tammisha Hunter (Kokoa Koala) and Produced by XO (Famous Music Producer) , a producer at Studio 713 in the Downtown Houston area. She stated, "I want to appreciate our President's for bringing us thus far and raising a nation of strong will-minded individuals who want to make a difference ... They are Unforgettable. This song honors the families of the President's as well ... The Presidents themselves". She replied, (excitedly) I surely cannot wait to sing "The Star Bangled Banner" also. I applied to sing it for the Audience on the Network TV show, "The Real" but no response as of yet!"(Reference. 2017). She sings a classic version with high pitch soprano and wins the soprano part no screaming no False Tenor as she sang the final finale and end hook "O'er the land of

the free and the Home of the brave” in the utmost famous high-pitched Opera Soprano Chord, the original way. It’s good to see a Star that can sing the original National Anthem and Truffle Butter is one.

In Tammisha's younger days, she was in love with Rap and said she is cold on the Mic, but it wasn’t her first choice of direction as a child growing up only because her spirit, rhythm and style wanted to announce and pronounce so many different instrumentals that they all flow out of her spirit in a different way, so she wanted to express her rhythm of music through song. But it's unusual all of them go together, when her spirit speaks through every song. She has some type of different approach. With her Brilliant Tied Tongue she still Wows the Crowd. Now for the last 14 years she is indulged and enthused by rap, reggae, jazz, spoken word and R&B.

In an interview, the artist was asked why she had chosen her stage name? She replied, I don't know... I like it, it's cute! I really like the stage name "Physicale"... I named myself quite awhile ago as Physicale aka Koala Bear as it had appeared on my old ReverbNation account". Little does anyone know I have changed my name five times ending up with the name Truffle Butter finally Trademarking it so that it can be mine. I went from Physicale, Bonita Applebaum, Kokoa Koala, Kokoa Venom, Queen Koala, to the now known Truffle Butter.
