

Your Visual Safety Guide to

HADEAN GROUP

Corporate Safety Services

WHO WE ARE

Hadean Group is a California-based Safety Solutions team that is dedicated to your 3 P's: profits, production, and people.

Our team has educated and empowered teams across the globe, increasing their bottom line in the ever-changing corporate world.

Innovation, Sustainability, and Leadership . That is our commitment to you.

WHAT WE DO

We operate in the background to develop a fully customized Safety Program, not like the typical cut-and-paste consultants out there.

Offering key training programs from the executive level to the office floor, we implement worker development pathways, document integration, case management, cloud filing, and planning tools.

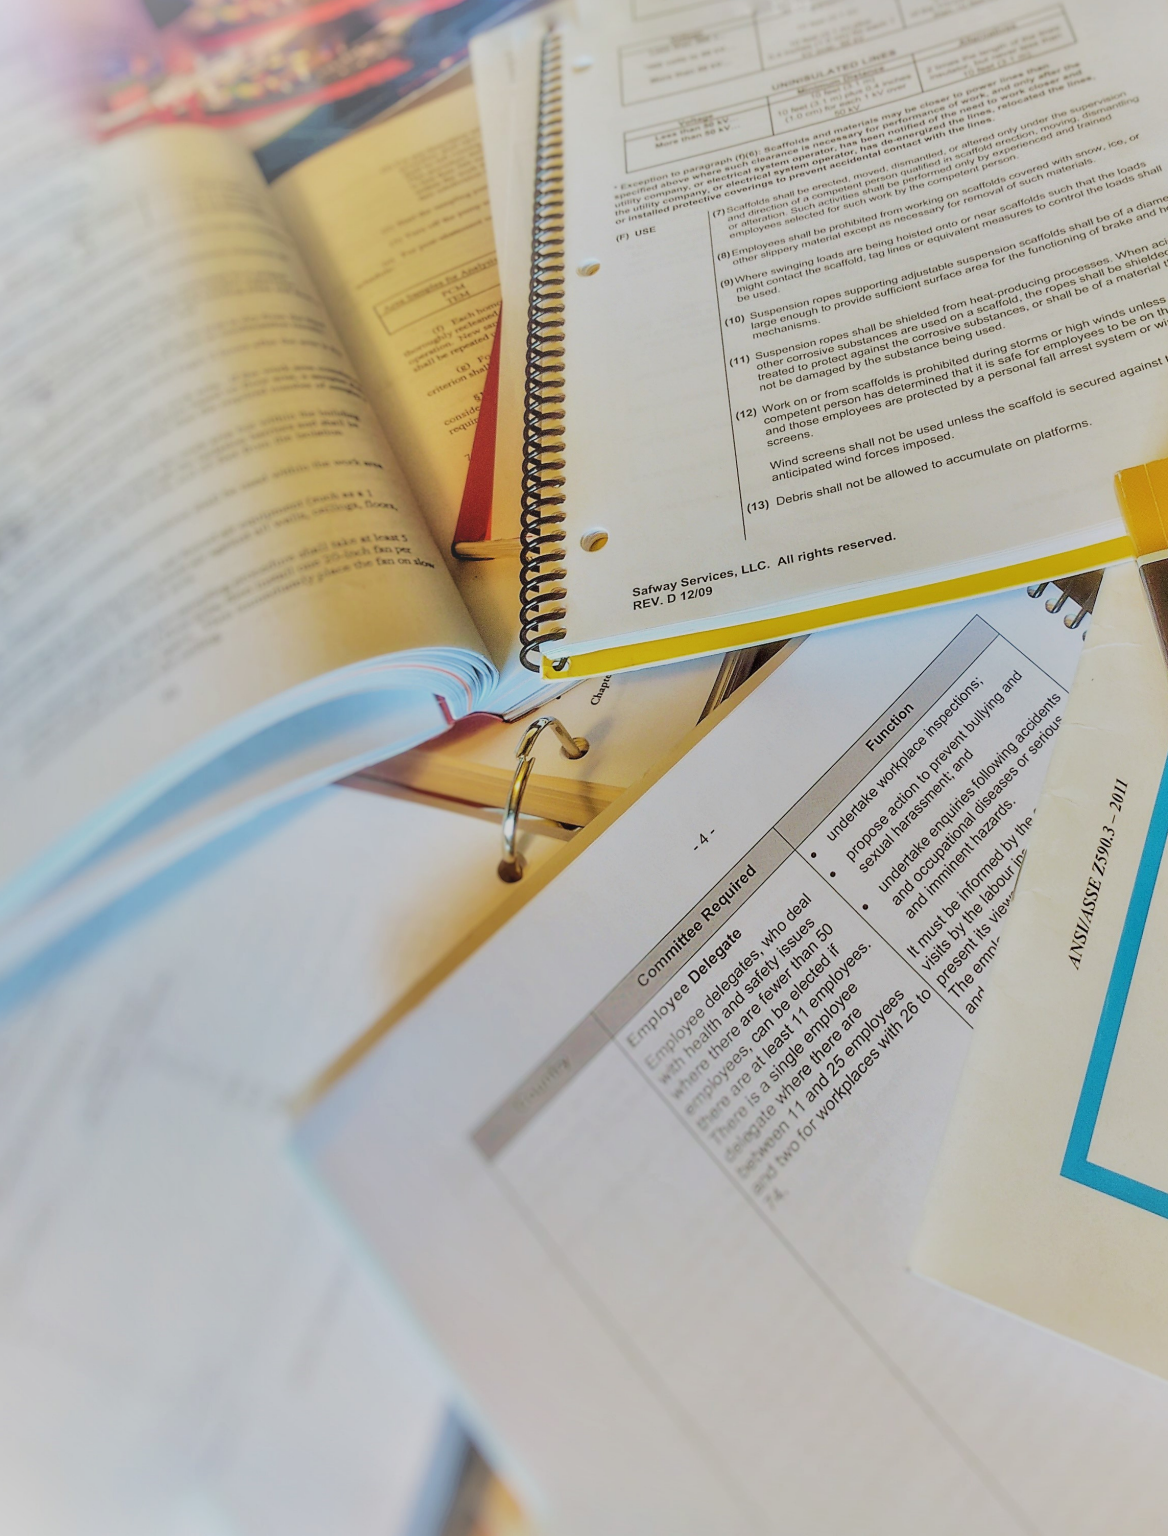

Our safety leaders provide expert knowledge and modern solutions to keep your team protected.

YOU HAVE ENOUGH TO WORRY ABOUT

You have a company to run, deadlines to meet, clients to please. The endless workplace regulations are constantly changing, but the dangers aren't.

Electrical, ergonomic, trips & falls, medical, chemicals, dust ... the list goes on.

Repeated Motion

5%

Struck By

15%

Ergonomic

45%

DANGER IN YOUR OFFICE

Most people don't think about it, but millions of worker's compensation claims each year come from office workers.

We'll teach you to identify these hazards, and get rid of them.

Slip Trip & Fall

34%

BE PREPARED

A team member collapses
in a meeting; he's not
breathing.

What do you do? Are you
trained to help?

We'll train you in
First Aid / CPR / AED

BE READY

What if the worst should
happen?

An employee storms into the
office with a gun, and they
intend on using it.

What would you do?
Do you survive?

Learn NYPD tactics in our
Active Shooter training.

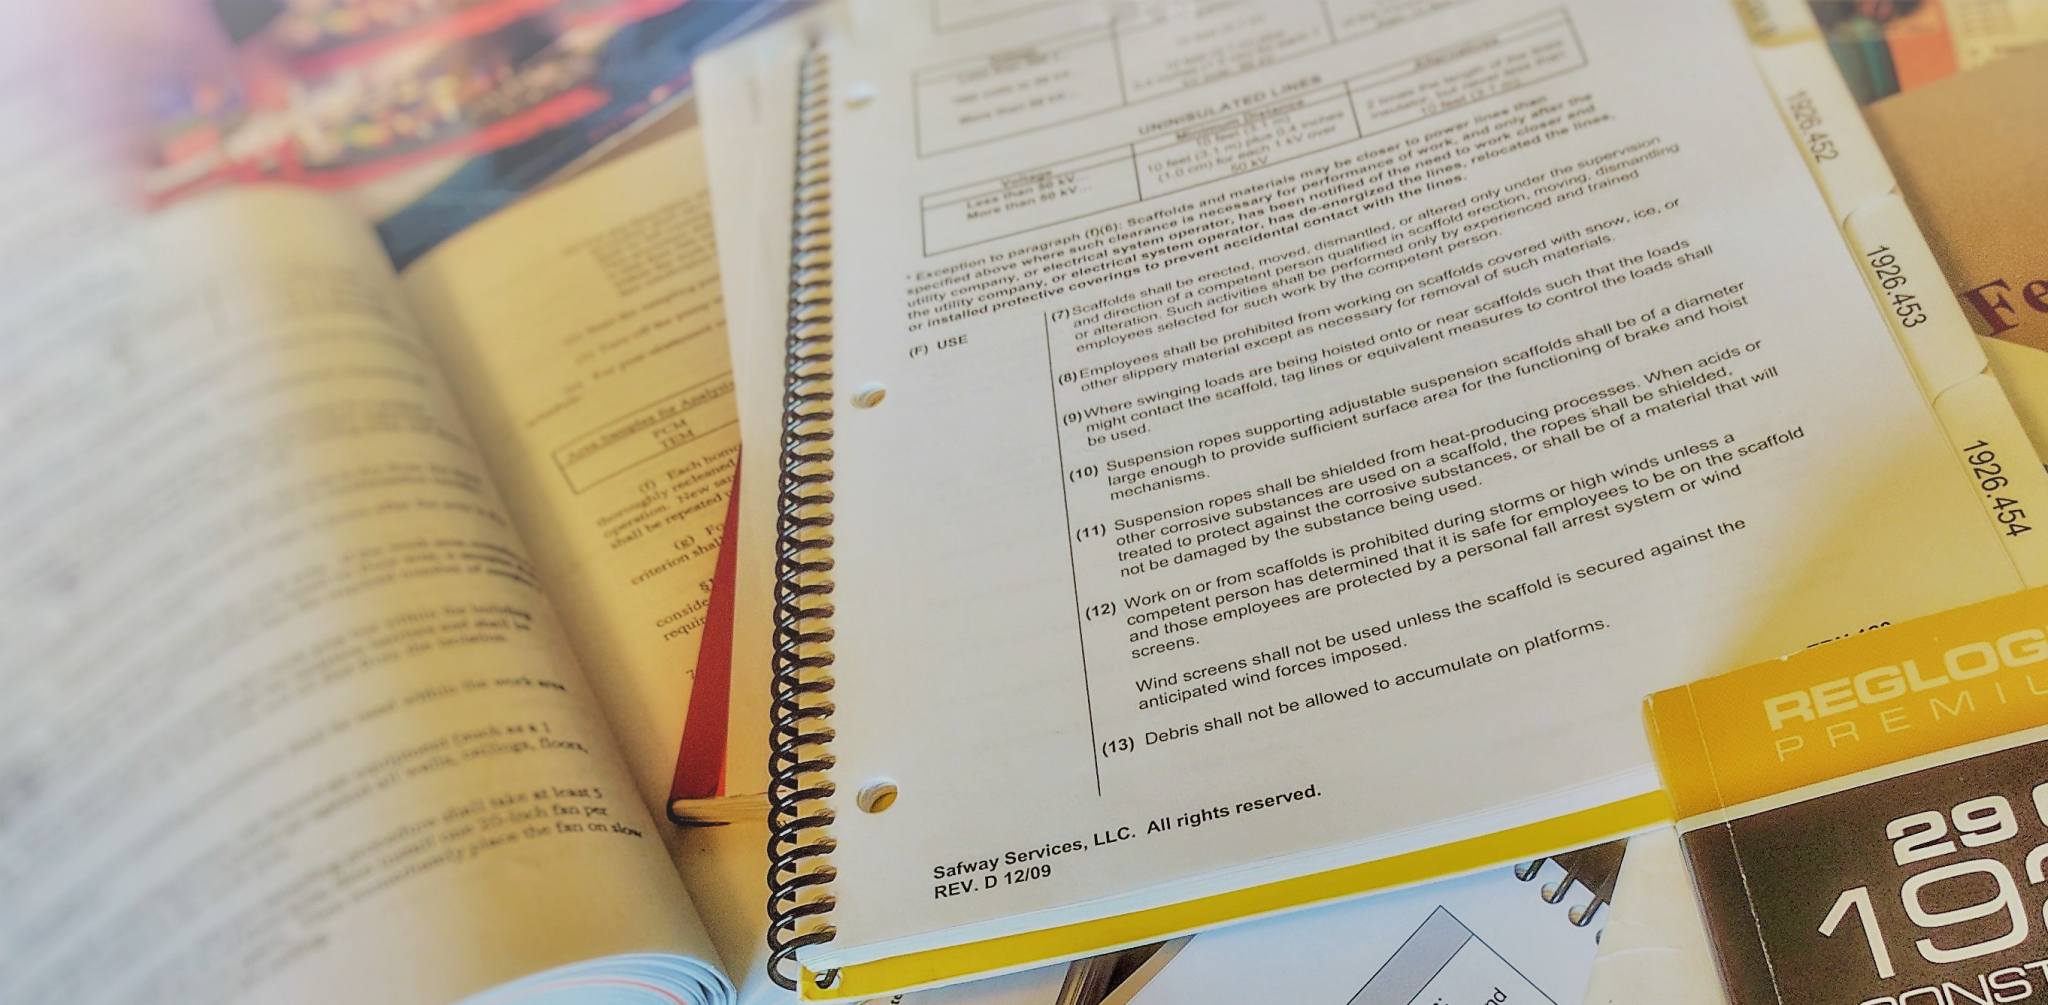

WHAT DO YOU HAVE TO DO?

Educate and
Empower your
employees.

Federal requirements also state that you are required to train your employees and have prevention programs in place.

- Location-specific safety plans
- Hazardous Communication
- Emergency Action Plans
- Globally Harmonized System
- And many more!

HOW WE CAN HELP

We'll come by for a free consultation, review your current programs & culture, and perform a full hazard analysis of the office. We take all of the information, and develop a timeline of milestones and phases for a seamless integration, so you won't be overwhelmed.
