ATOM 250 WINCH

The Mighty Winch Assist Device

ATOM 250 wheelchair winch - an extremely compact yet powerful device, developed to assist with the loading (and un-loading) of a wheelchair passenger, safely and smoothly into an adapted vehicle.

With whisper quiet and smooth operation, ATOM provides 250kg of pulling power, making the loading process substantially less strenuous for the carer, whilst also maintaining passenger comfort.

Supplied with two wireless remotes - one small enough to keep on your keyring. Once you have tried a wireless remote, you'll never want a restrictive cable wander-lead ever again!

Quick and simple installation with no fussy under-carpet wiring. Fix the winch to the vehicle floor, connect it to the battery and the winch is instantly ready for use.

ATOM 250 WINCH SPECIFICATION

Maximum load: 250kg.

Assembled weight: 3.8kg / *Size: L 230 x W 140 x H 120mm

*How small is that! That's about the size of a sheet of A5 paper.

Features & benefits:

- ▶ Anti-roll back feature.
- ▶ Overload and obstruction safety sensor with emergency stop protection.
- ▶ Silent operation with gentle stop/start motion.
- ▶ Small and compact body with moulded cover encompassing all moving parts to prevent damage or injury.
- ▶ Quick and simple installation with trouble-free wiring to base vehicle. Just a 12 volt supply connected to the detachable plug. Hand brake interlocking instructions are provided.
- ▶ Base plate with quick-release mechanism to effortlessly fit & remove the winch from the vehicle, without the need for any tools. This feature gives you the option of allowing the winch to pivot in line with the wheelchair, preventing any issues with webbing ride-up on the reel.
- ▶ Supplied with 2 ergonomic, easy-to-use wireless remote controls. One so small you can attach it to your car keys and carry in your pocket.
- ▶ Safe and simple wheelchair attachments supplied as standard, with either tongue and buckle, J hook or karabiner fittings.
- ▶ Robust and dependable, cycle tested for long-life durability.

Kit includes:

- ▶ Pre-built winch and moulded cover.
- ▶ V harness or T bar wheelchair attachment.
- ▶ 6 Metre length webbing. (10 metre option available)
- ▶ 2 x wireless remote controls.
- ▶ Universal, quick-release fixing plate.
- ▶ User manual.

Warranty: One year return to base warranty.
