

of the Palestinian people and what life was like under constant Israeli occupation. And so with camera in hand, he would record all he saw, that was never reported in our country by any major mass media

Tom Hurndall arrived in Gaza in 2003. On April 11,2003, the young American was watching a group of Palestinian children at play, when suddenly they were under **Israeli rifle fire**. Most of the children fled,except for three. One little boy was shot in the shoulder. Hurndall raced to the little boy to get him out of the line of fire. But two little girls stood terrified as the **Israeli sniper had his fun shooting at them, but deliberately missing them just enough to frighten them.**

On seeing the two little girls, Hurndall attempted to rescue them as well. And the cowardly,Israeli sniper **shot Tom Hurndall in the head!** The three children Tom Hurndall tried to rescue that led to his murder, were **only 4 to 7 years old!** An ambulance arrived over **2 ½ hours** after he had been shot. The Israelis were sure he would be dead when they finally decided to take him to a hospital. Tom Hurndall remained in a brain dead state for **9 months** before he finally died.

Our government said nothing and did nothing about his murder and the media in America remained silent about this murder of yet another American by Israel. In fact, since the year 2000, Israel has killed and wounded over 45,000 men,women, and children in Palestine. And our government (an apparent colony of Israel) hasn't the the guts or the decency to **stop all foreign aid to Israel and end our servitude to this illegal nation of bandits,liars,thieves and murderers.**

This is the truth – as a means of tapping our riches and sapping our sovereignty and shaming our nation before the world, Israel has no equal – Art Jones

Her son Tom Hurndall was deliberately murdered by an Israeli sniper for trying to rescue 3 little children.

Tom Hurndall, shot in the head
