WHAT WE DO

FRG partner with new & innovative eco-friendly & organic Australian brands that promote a clean, fun & healthy living that is good for all Australians.

We are Australian owned & operated family business which was founded with the intention to provide the best life for our own family.

Our mission is to connect our amazing brands & products that have created by passionate people to Australian retailers & consumers.

This is why we only partner with carefully selected brands based on a shared set of core attributes

Is it..... Better for you & our families and our environment?

Categories include...

- Health & Wellness
- Beauty & Cosmetics
- Personal Care
- Gifting
- Pet Care

eco.kid
organics for kids

All our products are uniquely formulated for babies, kids, mum-to-be, breastfeeding mums, fertility focused women and our fur babies. Guaranteed to keep their bodies free from nasty chemicals. We use only pure plant-derived hypoallergenic actives to cleanse, hydrate, nurture and protect the skin, scalp, hair and fur of the whole family.

Peter Francis, founder

Our minimum for every eco.kid formulation...

100% Sustainably Sourced: All of our raw materials are audited to ensure they are sourced sustainably, considering environmental, social, and economic factors across the entire supply chain. This includes the health of our rainforests and waterways, as well as the direct benefits to remote indigenous communities engaged in our wild-harvesting projects.

100% Readily Biodegradable: Every ingredient we use is readily biodegradable, so as we craft your beautiful products, each finish formulation is also readily biodegradable. Every ingredient has the ability to break down quickly and completely, into simpler, non-toxic substances by natural biological processes when exposed to environmental conditions such as air, moisture, sunlight, and microorganisms. Waterway friendly, planet friendly, and future friendly.

100% Plants and Minerals: Nature in a bottle; every ingredient is guaranteed to be free from synthetic moieties, meaning no portion of any ingredient is synthetic in any formulation. Our ingredients can be rinsed from our bodies and returned to the planet as safely as if they were still in the form of the roots, leaves, seeds, and earth from which they came.

100% Preservative Free: Preservatives are biocides formulated to kill living cells, and are inherently harmful for our skin's natural microbiome, and potentially harmful to our families long-term health. This high risk is amplified in babies, children and our pet's where their own skin biology is not as robust as an adult's. In place of preservatives we use advanced microbial hurdle technology to create every formulation as safe, prebiotic, and microbiome-friendly for the skin and scalp.

100% Green Chemistry: We are the only cosmetics manufacturer in Australia to be a member of the Australian Research Council (ARC) Training Centre for Green Chemistry. Green Chemistry ensures ingredients and processes that reduce or eliminate the use and generation of hazardous substances. It aims to promote environmental and human health while also improving the efficiency and sustainability of chemical production.

100% Ethically Sourced: Our ingredients are sourced without the involvement of child or forced labour, and they are obtained or produced in a manner that upholds ethical standards and values, encompassing fair treatment and compensation for workers, respect for human rights, compliance with labour laws and regulations, and a commitment to environmental sustainability. Each ingredient we utilise undergoes independent auditing to verify its fair acquisition from growers, processors, and wild-harvesting communities supplying the ingredient.

100% Free from EDCs: Endocrine-disrupting chemicals (EDCs) are substances that interfere with the endocrine system, which is responsible for regulating hormones in the body. These chemicals, found abundant in synthetic personal care, such as parabens and artificial fragrances, can mimic, block, or interfere with the body's natural hormones, leading to a range of adverse effects on early childhood development and life-long health.

100% Australian Made: Proudly manufactured in South Australia in our own purpose-built certified organic facilities, and shared with the world!

100% Third-party Audited: Our formulations are independently audited and certified to globally recognised certified organic Standards, by the ACO Certification Ltd.

certified organics for mums

**eco.mum... guaranteed
free from endocrine
disruptive chemicals.**

eco.mum
Pregnancy-safe, Synthetic-free,
Certified Organic Body Care

FOR TOTAL PRE & POST NATAL MUM SKIN CARE

PREGNANCY SKIN CARE:
100% Natural
100% Preservative-free
100% EDC-Free
100% Sustainably Sourced
100% Readily Biodegradable
100% Formulated for when
you have a *Baby-on-Board*

**OPTIMAL SAFETY
FOR MUM AND BABY**
The tightly stretched tummy
skin in the last trimester of
pregnancy is up to 100 times
more porous than the skin on
the rest of your body.

This is due that the
physiological fact that
your skin is stretched thin
at a rate faster than it can
regenerate, resulting in tears
(stretch marks), irritation and
sensitivity.

eco.mum Skin Care products:

- all products are rich in pure certified organic essences, wild harvested oils & butters, and skin nurturing plant-based goodness.
- eco.mum products do not contain any synthetic chemical moieties (molecules).
- they are free-from biocidal preservatives and artificial fragrances (two main sources of skin irritation and endocrine disruptive chemicals) and are formulated with ingredients which are food-grade and safe for mums and mums-to-be.

4-PRODUCTS:

- Intimate Body Wash
- Body Wash
- Body Lotion
- Stretch Mark Oil

eco.mum... guaranteed free from endocrine disruptive chemicals.

PRENATAL & POSTNATAL HAIRCARE:

- 100% Natural
- 100% Preservative-free
- 100% EDC-Free
- 100% Sustainably Sourced
- 100% Readily Biodegradable
- 100% Formulated for when you have a *Baby-on-Board*

OPTIMAL SAFETY FOR MUM AND BABY
The scalp skin is 40-times more porous than the skin on the rest of your body.

If you are fertility focused, pregnant, or breastfeeding, what you use on your scalp matters to your health, and your baby's health.

eco.mum Hair Care products:

- our products are rich in pure certified organic essences, wild harvested oils & butters, and hair and scalp nurturing plant-based goodness.
- eco.mum products do not contain any synthetic chemical moieties (molecules).
- they are free-from biocidal preservatives and artificial fragrances (two main sources of skin irritation and endocrine disruptive chemicals) and are formulated with ingredients which are food-grade and safe for mums-to-be, and breastfeeding mums.

eco.mum

Pregnancy-safe, Synthetic-free, Certified Organic Hair Care

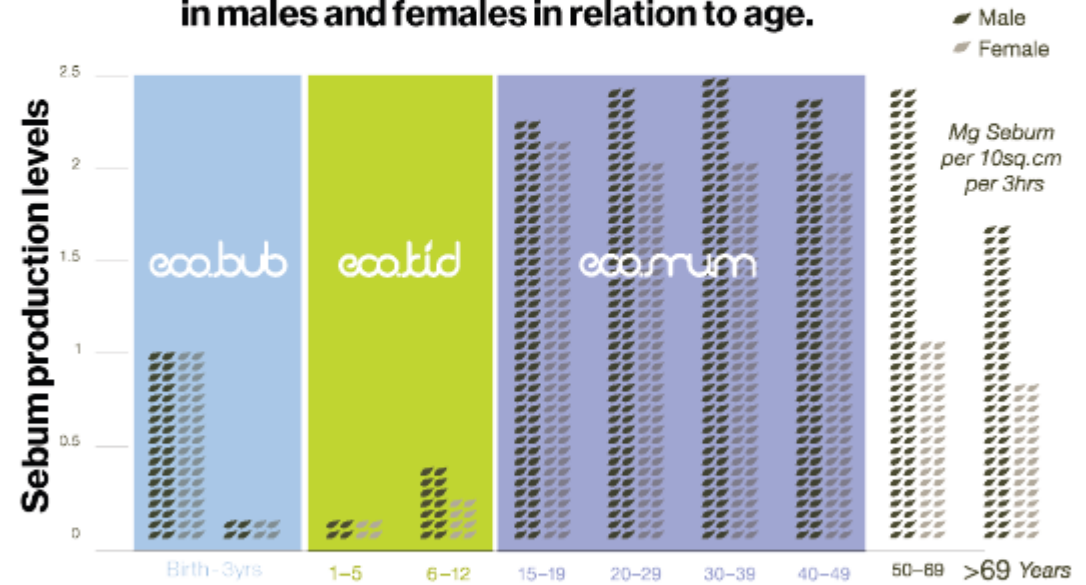

eco.bub[®]
certified organics for bubs

**bubs are not
little adults!**

**Comparison of Scalp Sebum production levels
in males and females in relation to age.**

A baby & child's skin and scalp produce almost six times less oil on a daily basis than an adult's. eco.kid is an organic, healthier, biologically friendlier and more effective product range formulated exclusively for the hair, scalp and skin of children from birth to 14 years old, and so is able to help prevent common problems faced by this age group.

eco.bub

Babies' skin is six times more porous than an adult's skin!

ECO.BUB FOR HAIR

eco.bub is the purest hair care range for babies... combining Mother Nature's gentlest, organically certified ingredients to deliver a healthy hair and scalp.

The range consists of three 100% natural, certified organic hair products that are not only healthier for baby's scalp skin, but also combine to help make hair effortless to comb and manage both wet and dry...

3 PRODUCTS:

- Gentle Wash
- Conditioner
- 3-in-One Conditioning Hair & Body Wash

eco.bub hair products:

- hypoallergenic bathtime hair washing... our no-tears ultra-mild formulations are extra gentle on the eyes, hair and skin.
- effortless detangling... prevent knots and tangles by using 100% natural hypoallergenic cleansing and conditioning actives, food-grade and safe.
- help prevent atopic conditions... eczema, dry scalp, and cradle cap are all skin conditions faced by more than 80% of babies before they are 3 years old.

Our hair care formulations are lovingly crafted using only the gentlest natural ingredients such as wild harvested Amazon rainforest butters and oils blended with jojoba, coconut, sugar-based cleansing and conditioning actives.

eco.bub

Baby-safe, synthetic-free,
certified organic Body Care

ECO.BUB FOR BODY

eco.bub is the purest skin care range for babies... combining Mother Nature's gentlest, organically certified ingredients to deliver perfectly soothed, visibly healthier looking skin.

The range consists of four 100% natural, certified organic body care products that are not only healthier for baby's skin, but also preservative-free and prebiotic to help support your baby's developing beneficial microbiome...

4 PRODUCTS:

- BB Balm Nappy Balm
- Body Moisturiser
- Massage Oil
- SPF50 Sunscreen

eco.bub body products:

- hypoallergenic post bathtime and nappy-time care... our hypoallergenic ultra-mild formulations are extra gentle on the delicate skin and skin folds.

- 100% synthetic-free... prevent skin sensitivity issues before they start, by using 100% natural hypoallergenic baby care products.

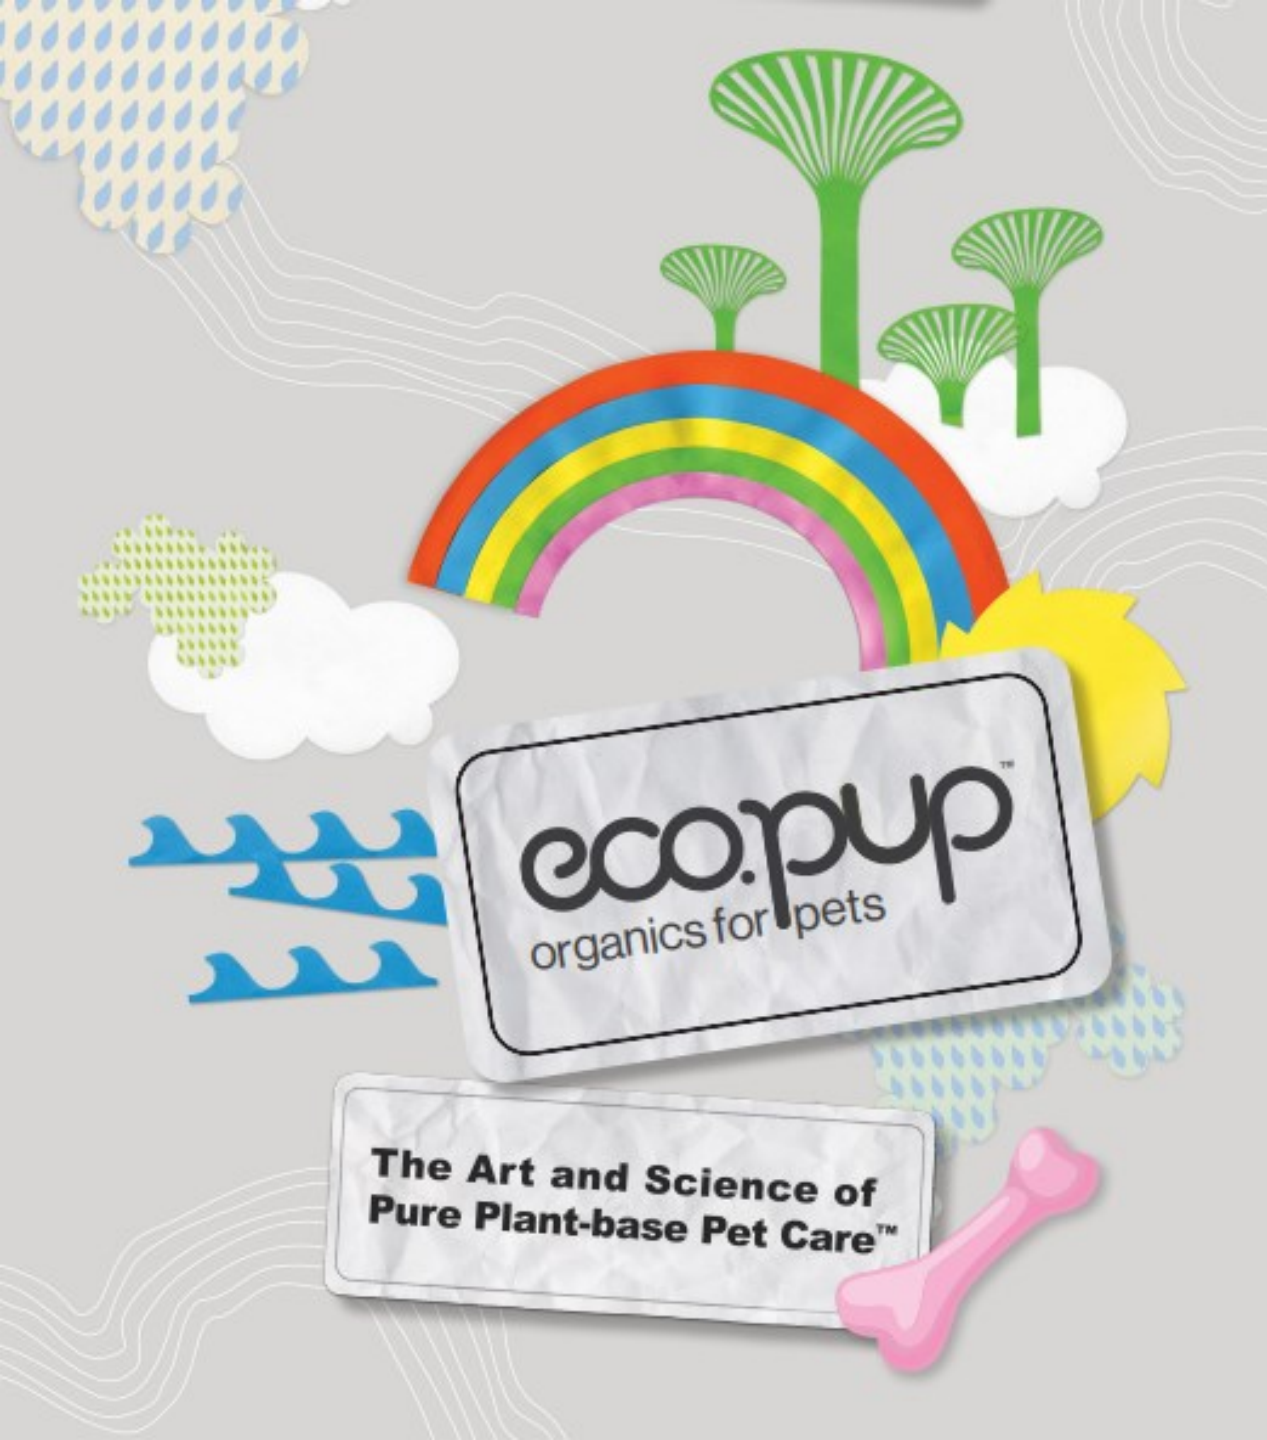

- help prevent atopic conditions... eczema, dry skin, redness and irritation are all skin conditions faced by more than 80% of babies before they are 3 years old.

Our skin care formulations are lovingly crafted using only the gentlest natural ingredients such as wild harvested Amazon rainforest butters and oils blended with pure jojoba, sunflower, calendula, colloidal oat extracts, & chamomile actives.

eco.bub

100% natural baby care without synthetics or preservatives...
to us anything else isn't really care!

eco.pup™
organics for pets

eco.pup... guaranteed free from endocrine disruptive chemicals.

eco.pup

Fur baby-safe, 100% Natural,
Certified Organic Cleansing Care

BATH TIME COAT CARE:

- 100% Natural
 - 100% Preservative-free
 - 100% EDC-Free
 - 100% Sustainably Sourced
 - 100% Readily Biodegradable
 - 100% Lickable Food-grade
- for your precious *Fur-baby*.

OPTIMAL CARE FOR FUR BABIES

Furry skin is >30-times more porous than non-furry skin.

If you are focused on maintaining optimal care for your fur baby's health, then we have the bathtime care for you.

eco.pup Coat Care products:

- our products are rich in pure certified organic essences, wild harvested oils & butters, and fur and skin nurturing plant-based goodness.
- eco.pup products do not contain any synthetic chemical moieties (portion of a molecule).
- they are free-from any preservatives and artificial fragrances (two main sources of skin irritation and endocrine disruptive chemicals) and are formulated with ingredients which are food-grade and safe for your precious fur baby.

100% Preservative-free
100% EDC-Free
100% Sustainably Sourced
100% Readily Biodegradable
**100% Formulated for the
most delicate skin types**

OPTIMAL SAFETY FOR YOUR FUR BABY

**The skin on a fur baby is vastly
thinner and more sensitive
than a human skin.**

This is due to the
physiological fact that your
fur baby's skin is living skin
protected by fur. It was never
designed for the modern pet
lifestyle requiring regular
cleansing and grooming.

We understand fur baby's skin
needs only food-grade care!

eco.pup Skin Care products:

- all products are rich in pure certified organic essences, wild harvested oils & butters, and skin nurturing plant-based goodness.

- eco.pup products do not contain any synthetic chemical moieties (portion of a molecule).

- they are free-from preservatives and artificial fragrances (two main sources of skin irritation and endocrine disruptive chemicals) and are formulated with ingredients which are food-grade, lickable, and safe for your precious pet.

4-PRODUCTS:

- **Outdoor Protection**
- **Body Moisturising**
- **Odour Quenching**
- **Shine & Perfume**

*Let nature
take care of you*

Our mission is for Natural Aid to become the preferred choice for natural, organic, safe and effective health care products, by providing innovative and educational health solutions to both Australian and International markets.

Truly remarkable healing qualities

experience it for yourself!

Leading the way in organic **FIRST AID CREAMS** ...suitable for the whole family!

Soothes and restores skin

Nourishing, cooling and hydrating with advanced pain relief

Soothing relief from insect bites & stings

...fight the bite and ditch the itch!

THE POWER OF 4

Rapid relief of bruising, stiffness & swelling

Suitable for newborns to adults

Creams

Natural Aid formulates and manufactures a hydrating, deeply moisturising organic base cream for therapeutic use with the following features:

- no parabens
- no synthetics
- no silicon
- no sulphates
- no artificial preservatives
- no artificial fragrances
- no artificial colourings

Our creams are non-greasy and designed to readily absorb; a little goes a long way and quickly penetrates through the skin to assist with the healing process.

Our cream pump bottles are easy to use, allowing the right amount to apply and the perfect size that you can carry around in your handbag, first aid boxes or school bags.

Organic Base Cream

Our base cream ingredients are all raw materials that are ecologically responsible, child-friendly ingredients so that our creams are all hypo-allergenic and suitable for the most sensitive, delicate skin.

FOR YOUR
LITTLE TOTS

Soothing

Baby Moisturising Cream 125mL

Live your life without synthetic chemicals and artificial ingredients! You'll love the heavenly, delicate hint of rosebuds fragrance.

What you need to know

The skin is the largest respiratory organ in the body. Therefore, whatever you put on your baby's skin is absorbed into their blood stream and thus into the organs of the body.

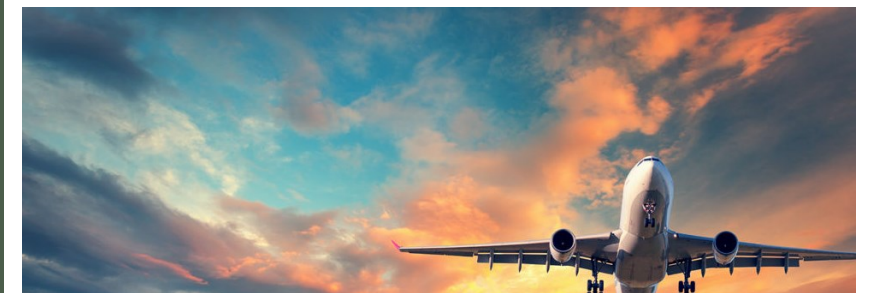

Your baby's skin can be up to five times thinner than an adult's skin – that's why we only use a meticulously crafted nourishing and hydrating Organic cream to ensure your baby's health is not compromised in any way.

Calendula Nappy Rash Cream 60mL

Protect your family – live your life without synthetic chemicals and artificial ingredients!

Your baby's skin can be up to five times thinner than an adult's skin, so more vulnerable to the potentially harmful effects of nasty chemicals.

That's why we only use meticulously crafted nourishing, hydrating and soothing Organic cream with Calendula made from nature's finest organic ingredients to support baby's delicate skin.

INFANT PACK - Your Comprehensive Companion for Travelling with Infants

**DO YOU SUFFER FROM ANXIETY, STRESS,
INSOMNIA, LOW ENERGY LEVELS, MUSCLE
ACHES, CRAMPS, LOW IMMUNITY?**

Try our Mg range

**Magnesium+
Concentrated Oil 125mL**

Citrus fragrance

Magnesium is an essential mineral for hundreds of biochemical reactions constantly occurring inside our cells. Studies reveal that 60-80% of the human population are magnesium deficient due to our soil and water supplies being depleted of trace minerals. Transdermal magnesium is an efficient way to replenish our bodies.

What it does

- Replenishing cellular magnesium levels
- Relieving muscle aches, pains & cramps
- Boosting energy levels
- Improving quality of sleep
- Promoting healthy skin tissue
- Relaxing the nervous system & relieving stress
- Supporting healthy immune function.

premax

P E R F O R M A N C E S K I N C A R E

ABOUT US

We are a Melbourne based manufacturer of premium sports creams offering a superior skin experience for athletes and health practitioners alike. Founded in 2006 by Sports Physiotherapist, Randall Cooper, Premax was born in response to a gap in the market for high performance sports creams that were effective yet pleasant to use. Unlike traditional creams Premax products are non greasy and breathable, allowing the skin to breath and sweat properly, an essential part of optimum athletic performance.

All our products are developed in conjunction with our partners in elite sport. By listening to the needs of athletes at the very top and trialing each and every one of our products with the world's best you can be confident that Premax will work for you.

FOUNDER

Randall Cooper, B.Physio, M.Physio, FACP

Randall Cooper is the founder and CEO of Premax. He is an internationally recognised APA titled Specialist Sports Physiotherapist, Fellow of the Australian College of Physiotherapists, Adjunct Senior Lecturer at La Trobe University Sport and Exercise Medicine Research Centre, and a co-Author of the world's best selling sports medicine textbook 'Clinical Sports Medicine.' Having spent over 20 years working with some of the world's most notable sporting organisations, including the Australian Winter Olympic Team, Hawthorn Football Club and the Olympic Park Sports Medicine Centre.

Randall founded Premax in 2006 in response to feedback from his athletes that the sports creams available were greasy, pore-clogging and distracting. He remains heavily involved in all stages of product development, applying his research expertise to ensure all our products are at the cutting edge of both sports science and skincare.

NEBULIZING DIFFUSER
GEOMETRY
SERIES

GEOMETRY SERIES "ROUND" NEBULISER | AIR PUMP ESSENTIAL OIL DIFFUSER

The Geometry Series - newly designed handmade and modern essential oil diffuser. Perfect for modern home.

Utilising clever air pump technology the Round Geometry nebulising unit delivers a cool and pure atmospheric essential oil vapour.

Once your chosen essential oils are added, air is pumped into and swirls from within the glassware reservoir, atomising the essential oils within and sending an absolute aromatic mist into your environment lasting a few hours (for any space up to 50 square meters)

No water is required and no heat is used, both of which may diminish the delicate, aromatic and therapeutic properties of essential oils.

A very chic, minimalistic and effective essential oil delivery system. An eco friendly design, featuring individually hand blown glass combined with Nordic beech.

GEOMETRY SERIES "SQUARE" NEBULISER | AIR PUMP ESSENTIAL OIL DIFFUSER

LUNA NEBULISER | AIR PUMP ESSENTIAL OIL DIFFUSER | LIGHT + NEBULISER

The LUNA - This handmade essential oil diffuser light is aromatherapy at its finest. The very alluring Luna diffuser is sure to create an ambiance no matter where it is situated, a captivating addition to any space. Luna offers a soft, almost magical aura when illuminated, whilst diffusing and dispersing your favourite essential oils.

Our premium, luxurious skincare range compliments our Essential Oil Blends range beautifully. Our skincare line combats the signs of ageing, optimising all the sensational benefits essential oils have to offer. Skincare Blends that are distinguished by age group with a precision formulation specifically designed for each genre. Each product has its own luxury "star" ingredients, teamed with a host of super ingredients to achieve miraculous results for each concern.

AMRITA COURT SKINCARE IS:

For all skin types and ages. Our blends help prevent and reduce the physical signs of ageing (defends against age lines and premature ageing)

Moisturises and relieves dry and dehydrated skin. Smooths fine lines and reduces the appearance of wrinkles.

A synergy of supreme, pure essential oils proven to be most beneficial to the skin.

A revitaliser for dull looking complexions

Able to promote skin elasticity and cell renewal

ANTI-AGING 20+:

Neroli * Lavender * Fennel * Carrot * Chamomile German * Geranium

Starring Neroli Essential Oil - When applied on the skin, Neroli Essential Oil intensely moisturises the skin and boosts the natural process of cell regeneration.

Directions for Use:

- Apply AM and PM
- Massage 3-8 drops onto freshly cleansed and toned skin (face, neck and décolletage) until absorbed.

ANTI-AGING 30+:

Rose * Yarrow * Palma Rosa * Patchouli * Clary Sage * Fennel * Carrot

Starring Rose Absolute - pure natural Rose oil contains more than 50 compounds that are most beneficial for the skin. These naturally occurring molecules are impossible to create in a lab. It has strong antibacterial properties, nourishes the skin, fights wrinkles, balances hormones, improves skin blood circulation and evens skin tone.

ANTI-AGING 40+:

Neroli * Lavender * Frankincense * Rosemary * Lemon * Fennel * Carrot

Starring Neroli Essential Oil - When applied on the skin, Neroli Essential Oil intensely moisturises the skin and boosts the natural process of cell regeneration.

ANTI-AGING 50+:

Violet leaf * Rose * Neroli * Galbanum * Lavender * Myrrh * Carrot * Rosewood

Starring Violet Leaf Absolute (rose and neroli) - it helps to soothe and comfort sensitive, dry, itchy, irritated red skin. It is an excellent moisturiser and most useful for eczema and dermatitis. It is good for oily and acne prone skin. Helps to gently tighten and refine the pores.

The BOO collective.

THE 'BOO'

The Boo collective is an Australian brand offering retailers beautiful boutique bamboo products for the whole family. to help reduce the amount of plastics they purchase. Our products are **'good for the planet and great for the family!'**

BECOMING PART OF THE BOO

- We are a family owned brand passionate about bamboo and sustainability. We plan to expand our brand to include many bamboo products which you will be the first to hear about. We pride ourselves on quality customer service.
- Eco friendly: Our products are primarily made from 100% organic biodegradable bamboo with a pastel twist.
- Our packaging is unique featuring artists illustrations, presenting well on a retail shelf.

Bamboo is an abundant and sustainable natural resource! The fastest growing land plant, bamboo needs little water and no fertilizers to thrive!

The Boo collective.

"The greatest threat to our planet is the belief that someone else will save it"

- Robert Swan -

Bamboo Toothbrushes

Why bamboo is a good material for a toothbrush.

Bamboo really is the perfect sustainable material to make toothbrushes from! Did you know bamboo is actually a grass? And it's one of the fastest growing plants on the planet. We use a species called Mao bamboo. The Boo toothbrushes are soft and smooth, and comfortable in the mouth and are made with a 100% biodegradable Bamboo handle and Vegan friendly Nylon 4 bristles. Our adults and children's toothbrushes have matching coloured handle and bristles, are available in 5 funky colours; so there will be no mixing them up with the rest of the family!

Bamboo Dinnerware

Why bamboo is a good material for a dinnerware.

Bamboo really is the perfect sustainable material to make dinnerware from. Bamboo also grows perfectly on land that is often deemed unsuitable for most other crops, doesn't require fertilisers or irrigation, and absorbs a huge amount of carbon dioxide which it turns to oxygen. We use a species called moso bamboo. The Boo dinnerware sets are soft and smooth, and are a beautiful set for your babies first steps into independence.

NEW! Bamboo Straw Cup

Our new **bamboo and silicone straw cup** is a great second stage cup for a toddler or young child who has learnt to drink from a cup but loves a straw! Made of **organic tableware bamboo**, which is 100% biodegradable, naturally grown and harvested. The silicone straw feeder is non toxic, free of BPA, melamine phthlates and lead. This cute straw cup is spill proof but not leak proof. This means if someone knocks it over, the liquid will be largely contained but I will still leak through the top. Gift boxed. Bamboo straw and straw cleaning brush included. 7.5x7.5x11cm (straw cup)

BEAUTIFUL WOODEN TOYS FROM VOILA

Voila are a wooden toy manufacturer located in Samutprakarn province, which is on the outskirts of Bangkok. They have been making toys since 1981. When they grew out of their first factory, they then moved to a new space in 1991.

The Voila toys business designs and manufactures toys with both safety and design values and crafts colourful toys that are also designed to stimulate and support both physical and cognitive development.

Voila's quality toys are made from Rubberwood - a plantation hardwood! The rubberwood tree is grown primarily for latex. Once the tree stops producing latex it is then chopped down to make furniture and toys.

Water-based Dyed : The colors used in manufacturing Voilà toys are water based and are tested periodically by independent lab testing specialists such as SGS, ITS or TÜV. Every batch of paint delivered is also tested and guaranteed by the suppliers. Our paints have been screened for chemicals such as lead, cadmium, barium and etc., as well as for prohibited chemicals in wood such as PCP, and have passed the requirements of all toy safety standards.

Rubber Wood : Voila use wood from rubber tree (official name : Hevea brasiliensis) which is planted mostly in the southern part of Thailand. The main purpose of these trees is to yield liquid white latex which is used to make rubber. After the trees become too old to yield latex, they are cut down and replaced with new ones. The lumber from these trees is therefore plantation wood - not forest wood. It has been Voila's philosophy from the start up in 1981 to help protect the environment by making full use of our wood and ensuring that there is no waste. Voila also used MDF (medium density fiber) board, which is manufactured from sugarcane pulp. After the sugar mills squeeze the water from sugarcane, the leftover pulp is used as the main raw material in these MDF boards. Again, nothing is wasted.

Recycled Paper Packaging : Recycled paper is used for all printed materials.

Non-formaldehyde Glue : Voila products do not use glue that contain formaldehyde, which are hazardous to health. Only safe, non-toxic glue is used on all products.
