

Offer your customers some great Eco solutions that they'll keep coming back for, time and time again...

The BOO collective.

A SUSTAINABLE SWITCH!

THE 'BOO'

The Boo collective is an Australian brand offering retailers beautiful boutique bamboo products for the whole family. to help reduce the amount of plastics they purchase. Our products are **'good for the planet and great for the family!'**

BECOMING PART OF THE BOO

- We are a family owned brand passionate about bamboo and sustainability. We plan to expand our brand to include many bamboo products which you will be the first to hear about. We pride ourselves on quality customer service.
- Eco friendly: Our products are primarily made from 100% organic biodegradable bamboo with a pastel twist.
- Our packaging is unique featuring artists illustrations, presenting well on a retail shelf.

Bamboo is an abundant and sustainable natural resource! The fastest growing land plant, bamboo needs little water and no fertilizers to thrive!

ABOUT US

We are a small family run business from regional Victoria, We are passionate about bamboo and it's role in helping to reduce the amount of plastic that is used in this beautiful country of ours. We embarked on this journey to raise more aware children, educating them (and ourselves along the way) to switch to better 'waste free' or less waste alternatives. One thing though... we quickly grew tired of trying to find different coloured or shaped bamboo toothbrushes so our kids would stop using 'anyone's brush! Hence, The boo collective was born...
