

SEDGWICK COUNTY ENTERPRISE ZONE FACT SHEET

Enterprise Zone Tax Credits

Investment Tax Credit - 3%

Receive a credit against your state income tax for up to 3% of your investment in equipment.

New Job Credit - \$3,100 / job

Available to companies creating new jobs in an Enhanced Enterprise Zone.

Health Insurance Credit - \$1,000 /new job

Available in the first 2 years to employers who pay more than 50% of healthcare benefits.

Training Credit - 12%

A credit of up to 12% of training program cost for companies investing in human capital.

RESEARCH & DEVELOPMENT CREDITS - 3%

For increased investment in R&D, specific criteria must be met.

COMMERCIAL VEHICLE INVESTMENT TAX CREDIT - 1.5%

Up to 1.5% of the purchase price back for costs related to buying a commercial vehicle.

VACANT BUILDING REHAB TAX CREDIT - 25%

For hard costs tied to rehabbing a building that's been vacant for at least two years and is 20 years or older.

MANUFACTURING SALES TAX EXEMPTION

Expanded benefits from the statewide exemption can include mining equipment and repair materials.

Enterprise Zones are state-funded programs encouraging business development and job growth in economically distressed areas. Northeast Colorado Association of Local Governments (NECALG) administers the program for Sedgwick County.

How It Works?

Each income tax year, a business located in an Enterprise Zone must apply and be pre-certified before beginning an activity to earn any business tax credits listed to the left.

At the end of the income tax year, businesses must certify that the activities were performed.
