*Μπέρνι η Αρκούδα: Μπορείς Να Πάς Εκεί!*

*Μια συναρπαστική ιστορία για παιδιά γραμμένη από δύο διαφορετικές οπτικές γωνίες. Η άλλη πλευρά της ιστορίας μιας άτακτης αρκούδας. Οι ατυχίες μιας μικρής αρκούδας που βρίσκει τον εαυτό του σε ένα αστικό περιβάλλον και τα εκ φύσεως ένστικτα του προκαλούν πανωλεθρία. Αντιθέτως, τα ένστικτα του στο φυσικό του περιβάλλον τον οδηγούν σε υπέροχες περιπέτειες που τα πάντα του είναι γνωστά. Και οι δύο ιστορίες συναντιούνται στη μέση!*

Os contratempos de um ursinho que se encontra em um cenário urbano, e seus instintos naturais fazem estrago. No outro lado do livro, seus instintos em seu habitat o levam para aventuras maravilhosas, onde tudo é familiar. As duas histórias se encontram no meio!*

*En spennende barnebok fortalt fra to sider. Den ene siden av boka forteller en historie om en rampete bjørn. Den uheldige lille bjørnungen finner seg i et urbant miljø hvor hans naturlige instinkter fører ham på villspor. Den andre side av boka derimot, viser oss hvordan instinktene hans fører til goyale eventyr når han er i sitt naturlige miljø. Begge sider av historien kommer sammen i midten av boka!*
