T-Scope HD

The New Generation of HD-Telescopes for ENT

OPTEC

Our Innovation

T-Scope is the new generation of ENT telescopes from OPTEC, for which special manufacturing processes have been developed. The new manufacturing methods in combination with new components define the future standard for optical systems.

Manufactured from stainless steel and titanium alloys and using sapphire glass, T-Scopes are more durable, deliver significantly brighter HD images and retain their performance for many years.

Your Advantage

- The use of stainless steel and titanium alloys leads to considerably improved cleaning processes, whilst at the same time increasing resistance against corrosion.
- Our new sealing system enables considerably more sterilisation cycles than the previously used soldering process. In combination with sapphire glass on the distal and proximal windows, the durability is further improved.
- The use of new lenses and prisms provides considerably brighter HD-pictures whilst maintaining the same depth of field. T-Scopes give consistently sharper brighter HD-pictures.
- T-Scopes are efficient: the operating life is considerably increased.
- High Quality Made in Germany

T-Scopes are available in all standard versions (laparoscope, arthroscope, hysteroscope, cystoscope, etc.). They are also compatible with the connection points of all standard suppliers.

Order No.	Description
OC 370420	HD-Sinuscope, 0°, Ø 4 mm, 175mm, autoclavable @ 134°C
OC 370423	HD-Sinuscope, 30°, Ø 4 mm, 175mm, autoclavable @ 134°C
OC 370427	HD-Sinuscope, 70°, Ø 4 mm, 175mm, autoclavable @ 134°C
OC 372720	HD-Sinuscope, 0°, Ø 2.7 mm, 175mm autoclavable @ 134°C
OC 372723	HD-Sinuscope, 30°, Ø 2.7 mm, 175mm, autoclavable @ 134°C
OC 372110	HD-Sinuscope, 0°, Ø 2.7 mm, 110mm autoclavable @ 134°C
OC 372113	HD-Sinuscope, 30°, Ø 2.7 mm, 110mm , autoclavable @ 134°C
OC 373050	HD-Otoscope, 0°, Ø 3 mm, 50mm , autoclavable @ 134°C
OC 373053	HD-Otoscope, 30°, Ø 3 mm, 50mm , autoclavable @ 134°C
OC 290807	HD-Laryngoscope, 70°, Ø 8 mm, 190mm , autoclavable @ 134°C
OC 291007	HD-Laryngoscope, 70°, Ø 10 mm, 190mm , autoclavable @ 134°C
OC 291009	HD-Laryngoscope, 90°, Ø 10 mm, 190mm , autoclavable @ 134°C
