Biography:

Wendy Guske is a seasoned painter who was born in Seattle, Wa. She has been creating art for over 50 years and has studied at some of the most prestigious art schools in the country, including Seattle Pacific University, the Fashion Institute of Technology, and the Evolve art Academy with Kevin Murphy.

Wendy is a versatile artist who works in a variety of mediums, including glass, oil on canvas or panel, watercolor, airbrush, and oil pastel. Her paintings are known for their use of light and color, and she often paints scenes of nature such as landscapes and flowers. She is also known for her portraits and figurative paintings, which capture human form in a realistic and expressive way.

She has exhibited her work in galleries and wineries on the west coast and was a featured artist at Nordstroms.

Wendy is a talented artist who is known for her beautiful and evocative paintings. She is an inspiration to other artists and her work continues to be admired by people all over the world.

Statement:

I have one desire as an artist...that is to create as I see it. In my own way. I start with an idea and as I work through the process I create what I feel. I do not fear change to a piece of work, as the art has a life of its own. I am drawn to the human form and ordinary scenes of life. Capturing memories of life and I treasure capturing memories of life to bring joy, laughter, and awe to the beholder
