

Sunday School

13th June

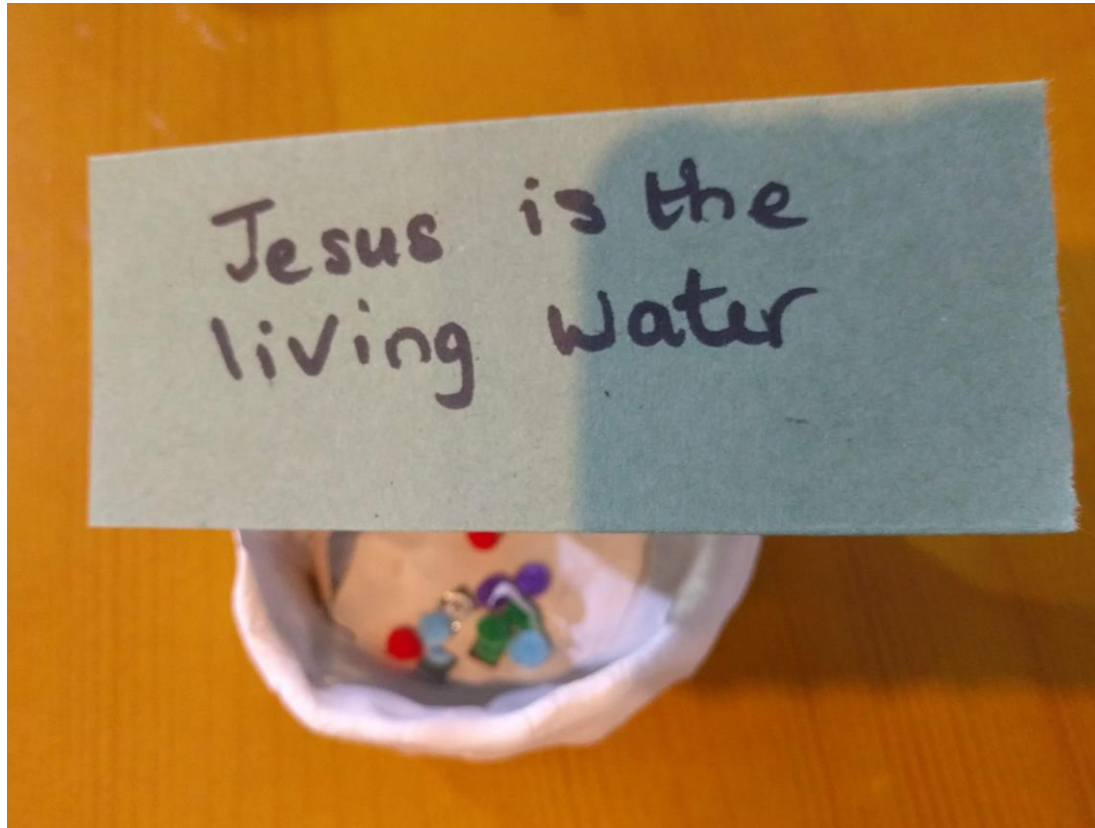

John 4

Colour the words, cut out and stick on the well. Cut out the well and stick in your book

Jesus is the living
water
“Whoever drinks the
water I give them
will never thirst.”
John 4:14

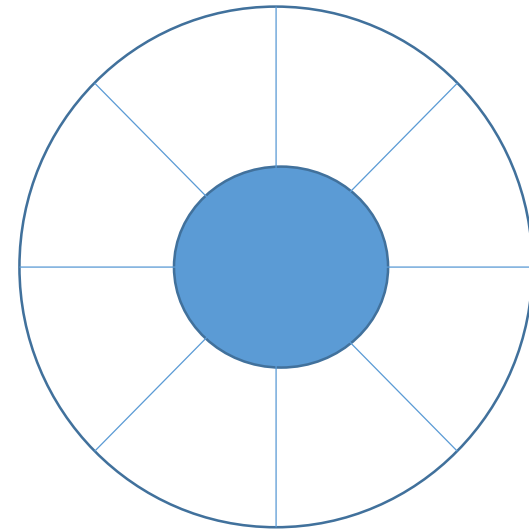

Make a clay well

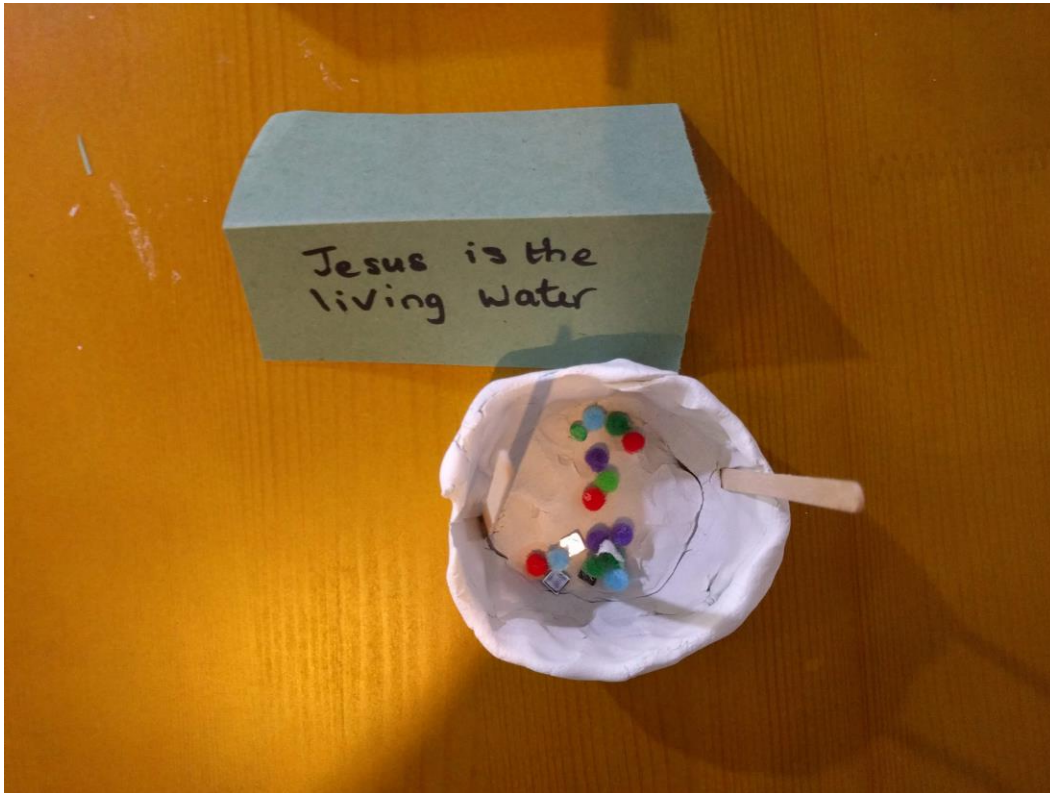

Bucket: Cut the circle out of paper and then snip along the lines.

Fold up the sides and secure with tape

Stick some string or wool on the bucket.

Make a clay well

Make a clay pot and fasten two supports whilst the clay is still soft. The supports can be lolly sticks, farden sticks, coffee stirrers or card.

Cut out the rectangle above and fold in half. Balance or stick on the supports.

Write on the roof if you like.

Make a carton well.

1. First cut a section from the front and back out of a carton, being sure to leave enough on each side to be a strong support. Ask an adult for help if you need it.
2. Next make a hole in each of the side supports, near the top.
3. Tread a straw, or garden stick through the holes. Make a bucket from paper (see previous slide) and stick some string on it.
4. Hanf the bucket form the straw and turn the handle to wind up and down.
5. Paint or decorate your carton to look like wood or stone. If you would like, decorate with plants & flowers.
