

HOW TO PRACTICE LESSON HANDS IN SHARK BRIDGE

STEP #1 ~ Subscribe to Shark Bridge with Free Trial

FREE 13 Week Trial* Link ~ Use the link below to try out PBB Practice Hands on Shark Bridge.

<https://secure.emabridge.com/donnacompton>

*If you have already used your 13 Week Trial, please subscribe to Shark Bridge to continue to practice your lesson hands.

STEP #2 ~ Download Shark Bridge Program

<https://thesharkbridgecompany.com/blogs/students-manual/how-to-practice-with-robots-or-fellow-students-with-shark-bridge-app> For those who already have an account, you can Open up your Shark Bridge App.

- Click On "My Profile" and set up a Shark Bridge Account.
- Click on "Home" ~ Should Default to Home
- Click on "Classroom Hands" in the middle of the screen.
- Click on "Select Classroom" on the right side of the screen.
- Click on + to add a classroom.
- Type in **Donna Compton as instructor.**
- Type in **<https://playbetterbridge.sharefile.com>** as Classroom Site
- Click **Save Classroom** ~ If you save classroom, then you only must go through Classroom set up once.
- Sign into Sharefile with your Personal Login information. If you placed an order for a PPB video lesson and do NOT have a Welcome email, please contact **Taylor@PlayBetterBridge.com**. The PBB Team will set up your Sharefile Account and send you a Welcome email.
- All your lesson folders will appear. Click on the lesson you wish to practice. In addition to the "How to" PDF, you should see 3 files: PDF Handout, MP4 Video and PBN hands. Click on the PBN Hand with the "? Logo" and click "Download".
- Select a hand and click "Play" if you want to bid the hand. Click "Replay" if you want the auction and lead loaded, and you begin to play/defend right away. You are given an option of which chair to sit in and the hand will appear. Enjoy!
- Please note: Once you download the set of hands once, then the Lesson folder of hands will appear in your "Personal Deal Library" for later review.

Before you start playing change Shark's robot skill level to 'Classroom hand'. This setting will be remembered, you don't have to do it every time you start Shark.

1. Start Shark and go to Settings -> Robots on the top of the screen.
2. Use the Skill Level drop-down and select Classroom hands.
3. Go over the NS/EW Bidding System and Signaling. Talk to your teacher if you need to make any adjustments for the provided faults.
4. Close the settings screen. The robots now know how to do what they did in class when you replay the hands.
5. Go to Personal Deal Library or Classroom hands section of Shark and replay the hands you teacher posted for you. More details on how to get hands in Shark can be found further below.
