

Loading Partnership Convention Card for Duplicate Games

Right now, there are two methods. RealBridge is adding a third method soon.

Method 1: (BAND's Preferred method)

Please see here:

<https://realbridge.online/convention-cards.html>

It does mean that your system card/convention card needs to exist on the internet, somewhere like this:

1. BridgeWinners
2. Bridgindex (very good site)
3. Dropbox
4. Google drive

Method 2:

Some players simply copy and paste, and put in the chat bar, something like this:

2/1, UDCA, standard leads.

Or

Precision, Standard carding, Texas

Since you are speaking to people, much easier to convey details.
