

ΔCO

DELTA CHARITY
ORGANIZATION

WE'RE MAKING A DIFFERENCE

PARENT EXPECTATIONS

The goal of Delta Charity Organization is to offer opportunities within our community for our teens to see the value of doing for others through volunteering. Our hope is that our community is strengthened by the bonds formed during these years spent volunteering together as parents, children and friends. ~DCO Mission

We can all agree that we'd love for our kids to grow into men and women / fathers and mothers who will know the value of serving so that they will actively pursue community service in their own lives and in the lives of their future families.

DCO is fun! And serving with mom is a beautiful way to strengthen the mother/child bond of compassion and fun while strengthening their organizational, relational, and individual skill sets.

We ask that you will actively encourage your student to be involved in the community.

This may look like:

1. Put all of DCO's meetings and service events on your family calendar
2. Attend meetings and service opportunities with your student
3. Involve your student in all facets of the project together with you, such as filling out any forms, wrapping any gift box, shopping for any supplies, tying knots, etc.
4. Encourage and invite their DCO Friends to join you when you volunteer
5. Encourage and invite non DCO members to join DCO
6. Serve DCO as a Board member, a Grade Level Liaison, or a Philanthropy Lead
7. Allow your student to grow in their officer position and as a group under the guidance of the Grade Level Liaison
8. Be an advocate in helping your student follow through with their officer job descriptions
