

# RESUMPTION OF OPERATION FOR PIVOTED OPERATORS

Nightlife establishments which were previously allowed to temporarily pivot to food and beverage (F&B) operations (pivoted nightlife establishments) must pass inspections and receive a conditional permit from the Ministry of Trade and Industry (MTI) before they can resume operations. Some of the key conditions are as follows;

## POLYMERASE CHAIN REACTION (PCR) & FAST & EASY TESTING (FET)

All staff must undergo a one-time PCR test at approved institutions/clinics and the costs shall be fully borne by the company/staff.

All staff also must undergo 7-Day Fast and easy testing (FET) at HPB Quick Test Centres upon the resumption of operations.

## SMM COMPLIANCE

All pivoted nightlife establishments must ensure that following measures are in place to ensure compliance with existing SMMs.

## ONLY MAIN HALL BE ALLOWED

Operators to provide a site plan to demarcate the main hall, where F&B operations will take place, and the private rooms that will be locked

## ALL ENTERTAINMENT EQUIPMENTS TO BE KEPT

Public entertainment equipment (e.g. pool tables, dart boards, and karaoke machines) are out of sight.

## MANDATORY CCTVS

All pivoted nightlife establishments must install closed-circuit television cameras (CCTVs) to cover all areas of operations including entrances of private rooms. Lighting levels in outlets must be sufficient for activity to be observed on CCTVs.

## CLEAR VISIBILITY

The interior of the establishment must be clearly visible to the public; No blackout windows or opaque doors are allowed.

More information can be found in <https://www.gobusiness.gov.sg/images/guides/advisoryforreopeningofpivotednightlifeoperators.pdf>.

Alternatively, the Singapore Food Agency (SFA) and relevant agencies will reach out to operators on the requirements and follow-ups. Operators with queries may email [covid\\_gobusiness@mti.gov.sg](mailto:covid_gobusiness@mti.gov.sg).
