Some of the early believers were great at sharing. They shared their food and their clothes. They shared their money and their homes. They were so generous! No one was poor or needy because others gave without holding anything back. Together they saw many miracles and wonders. They met in the temple and they met in their homes. They talked about Jesus and they thanked God for blessing them.

Then something amazing happened. When other people saw how happy these first believers were, sharing all they had and talking about Jesus, they believed too. They became Christians, and they shared their food and their clothes, their money and their homes. They became one big Christian family. And their church family grew and grew and grew.
