

Job description:

Position	: <b>Speech &amp; Language Therapist (SLT)</b>
Reports to	: Principal/Director
Salary range	: MYR 5,000 to MYR 8,000 Monthly +other benefits <u>(work permit can be provided to overseas candidates)</u>
Joining	: Immediate
Type of contract	: Full Time – 2 Years
Location	: Solaris Mont Kiara, <b>Kuala Lumpur, Malaysia</b>

### **Job Description:**

The main purpose of this role is to perform speech and language assessments and evaluations and design / implement structured and individualized treatment speech programs to teach children with various speech disorders or delays.

### **Key Responsibilities**

- Provide ongoing guidance within each client's individual program, ensuring each client's continued progress towards realizing their maximum potential.
- Communicate questions, child's progress or other feedback to parents, teachers, Occupational Therapists, Clinical ABA Supervisors, Case Managers and ABA therapists.
- Review behaviour management techniques to ensure consistency in therapy, while at the same time reducing the occurrence of maladaptive behaviors.
- Participate in clinic/team meetings, workshops and training seminars as necessary.
- Collect data and maintain documentation pertaining to each child's program.
- Write school observation reports highlighting the child's strengths and areas of need, as well as recommendations for school staff, for the school and the child's family.
- The role involves working in a variety of settings and client-groups including outreach to mainstream primary schools, centre-based outpatient sessions as well as providing group provision within an adapted classroom.
- Parent and teacher training will be an important part of the role – both formal and informal circumstances.
- To plan/deliver child-centered SLT assessments & interventions to children with various needs.
- To conduct evidence-based interventions on an individual and group basis.
- To develop workshops for parents, families and other professions.
- To communicate appropriately and professionally with children, parents & other professionals.
- To analyse, report and communicate the outcomes/progress in assessments & therapies

## Qualifications & Experience

- Bachelor or Master Degree in Speech and Language Pathology / Therapy.
- Minimum 3 years' work experience as a Speech & Language Therapist

## About you

- To be considered for this role, you must be passionate about teaching and interacting with children.
- Have excellent verbal and written communication skills in English.
- Be creative and have problem-solving skills – to design programs appropriate to different learning styles and communication issues
- Be enthusiastic and have high-energy levels.
- Be able to work independently as well as take and process directions from mentors.
- Have experience in working with children with Special Educational Needs.
- Fluent in English, both written and spoken.
- Be competent in writing assessment and progress reports.
- Must be versatile and possess the ability to work in a multicultural environment.
