

NEW SERVICE!

We will be providing IV infusions at the clinic. These services can be beneficial throughout the year to support overall wellness and recovery. While not covered by insurance, we believe you will find these three infusion options helpful for your individual needs.

AVAILABLE IV INFUSIONS

ENERGY

an extra boost from B complex vitamins and Vitamin C to help you get through tough times

IMMUNITY

a combination of Vitamin C and Zinc to help your immune system fight infection

RECOVERY

a Myers' infusion to help bounce back from illness or recent health issues

We can administer Vitamin B12 in addition to these infusions.

We hope these will be beneficial in supporting your ongoing health and wellness!

Call for more information and schedule your appointment for these infusions.
