

# Enhanced Organics

## High Yield

### 2-0-4

#### GUARANTEED ANALYSIS

Total Nitrogen.....2.0%  
1.60 % Nitrate Nitrogen  
0.40 % Protein Nitrogen  
Soluble Potash (K<sub>2</sub>O).....4.0%

#### Derived From:

Potassium Nitrate, Fish Emulsion, Inert Ingredients

#### GENERAL USE INSTRUCTIONS

Shake product prior to use. Maintain agitation during mixing and application. This product can be mixed with a wide range of fertilizers and chemicals. A compatibility test should be performed prior to use.

#### APPLICATION INSTRUCTIONS

High Yield can be applied to all agricultural plant material.  
The recommended application rate is a 3% dilution or 4 fluid ounces per gallon biweekly as needed.

#### APPLICATION & MIXING TIPS

Blend contents to be sprayed through tank strainer basket to ensure proper dilution of material. For best results, spray with either flat fan or hollow cone spray nozzles and remove in-line screens from nozzles to prevent clogging. High Yield may also be injected through drip or sprinklers at the 3% dilution rate.

#### YIELD OPTIMIZATION

High Yield is designed to help promote fruit and vegetable crop development,. For best results, blend High Yield with Octane Boost biweekly at a 1 to 1 ratio of 4 fluid ounces per gallon each or a 3% solution each to provide your crop a complete micronutrient dosage to maximize the vital reactions to obtain a bountiful yield. This combination can serve as a stand alone liquid fertility program if there are limitations with regular fertilizer applications.

#### SPECIAL CLEANING & STORAGE INSTRUCTIONS

Wash sprayer immediately after protocols so residual product does not dry in sprayer.  
Keep material out of extreme heat or cold during storage for any extended period.  
Store at room temperature above 50 F (10 C).

#### WARRANTY STATEMENT

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property from the use or handling of this product and accepts the product on this condition. Enhanced Organics, warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose stated on such label only when used in accordance with application instructions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product such as weather conditions, presence of other materials or the manner of use or application, all which are beyond the control of Enhanced Organics. Enhanced Organics will not be liable for consequential, special or indirect damages resulting from the use or handling of this product. All risks shall be assumed by the buyer.
