Intelligent Asset

Standard

Asset Record	Maintenance Management	Purchasing Management	Inventory Management
Asset	Job Plans	Company	Inventory
Location	Routes	Invoice	Issue/Transfer
Condition Monitoring	Danger Prevention Measures	Purchasing Application	Inventory Items
Failure Code	Safety Plan	Purchasing Order	Store Room
Meters Meter Groups	Preventive Maintenance	Reception	Tools
Category	Works Order	Contract/Terms Conditions	Stocked Tool

Extended

•Equipment •health management	Integrity Management	Risk Analysis	Intelligent Maintenance
IOT Integration	MOC	Hazard / Risk Registration	Procedure Modeling
IoT Integration	Design Management	Risk Histogram	Algorithm Model
Real-time Monitoring	Equipment Construction	Risk Assessment	
Trend Analysis	Conversed Fixed-asset Management	Permit and Certification	Equipment Pre-warning
Auto-generate Work Order	Depreciation Management	Research	Strategy Optimization
Diagnostic Analysis	Scrap Management	Accident Management	
		Reason Analysis	Optimization Of O & M

Workflow Engine, Report Driven, Mobile APP, Graphical Navigation
