AMAYOKARE

Specialized expertise led by Dr. Sonnie E. Oyama MD, CIME, MMed, MM, FAIDH, FRACGP, FACHI, CCBOM, MRO. The Vampire Facial® is an advanced regenerative treatment designed to naturally restore radiance and address specific skin concerns.

HOW DOES THE VAMPIRE FACIAL® WORK?

A 100% natural PRP treatment that stimulates collagen, smooths fine lines, and restores your youthful glow.

The Draw: A small sample of your blood is taken, just like a routine test.

The Gold: We use a centrifuge to isolate Platelet-Rich Plasma (PRP)—your body's "liquid gold" packed with growth factors.

The Glow: The PRP is applied via microneedling, creating tiny channels that allow the growth factors to penetrate deep and trigger natural repair.

WHAT ARE THE BENEFITS?

- Non-surgical.
- Natural Results: Uses your own cells with zero risk of allergic reaction.
- Refreshed skin color.
- Anti-Aging: Dramatically boosts collagen and elastin to firm sagging skin.
- Texture Correction: Fades acne scars, shrinks pores, and smooths fine lines.
- Minimal Downtime: Most patients return to daily life within 24 hours.
- Smoother skin tone and tissue regeneration.
