ITRI conference, a biennial event, aims for building 'scientific framework' and 'strategy for upliftment of life' in Rural India. Theme of ITRI-2020 is 'Enabling Village Industry'. The conference will gather renowned speakers, progressive farmers, innovators, entrepreneurs, researchers, academicians and students in order to discuss current developments, challenges, success stories, opportunities and future trends for successful enabling of village industry. Session topics include, but are not limited to:

- Grass root innovations for smart villages
- Tech-intervention for rural entrepreneurship
- Self reliant villages
- Rural innovations for healthcare
- Sustainable Farming
- Rural resource management
- Waste management
- Value addition and processing
