  - (d) "GST" means the goods and services tax within the meaning of the GST Act;
  - (e) "GST Act" means *A New Tax System (Goods and Services Tax) Act 1999* as amended;
  - (f) "Purchase Price" means the price for the Goods specified on the Seller's invoice or any delivery docket given to the Buyer in connection with the Goods and any other charges payable in connection with the sale of the Goods. Where the purchase price is not paid within the time specified for payment the expression shall also include interest for liquidated damages, arising as a result of payment default calculated at the rate specified in clause 4(b); and
  - (g) "Premises" means those premises of the Seller from which the Goods are supplied to the Buyer.
2. **General**
  - (a) These conditions shall apply to every sale made or agreed to be made by the Seller and no variation or abrogation of the same shall be effective unless it is evidenced in writing signed on behalf of the Seller. To the extent to which the terms of any written quotation or order differ from these conditions of sale the acceptance thereof shall be deemed to be an offer to supply on the terms and conditions contained therein and acceptance of the Goods thereafter shall constitute acceptance of the Goods on these conditions of sale except as changed or modified by any special terms and conditions of the written quotation or order.
  - (b) The Seller may from time to time alter its trading terms or these terms and conditions and such altered conditions shall apply in respect of all transactions taking place after notification to the Buyer of such altered conditions.
  - (c) The standard terms and conditions of sale are included in all updated price lists issued by the Seller and are published on its web site and on the reverse of its invoice.
3. **Price**
  - (a) Unless otherwise stated on the face hereof the Purchase Price includes the cost of basic packaging.
  - (b) The Seller shall be entitled without notice to the Buyer to adjust the Purchase Price, whether before or after acceptance of the Goods, in the event of and to account for any increase in the cost to the Seller of supplying the Goods as the result of increases in costs of transport or insurance, or in rates of any applicable taxes in respect of the supply of the Goods including any duty, charge or levy in respect of the export or import of goods, or changes in the classification or value of goods for customs purposes, or any changes in applicable exchange rates or in the event of delays by the Buyer in providing any information required by the Seller for the supply, dispatch or delivery of the Goods, or any other impost arising after the sale.
  - (c) Where a party to these Conditions (Supply Maker) makes a Taxable Supply (within the meaning of the GST Act) under or in connection with these Conditions to another party to these Conditions (Recipient) and the consideration otherwise payable for the Taxable Supply is not specifically stated to include GST, the Supply Maker will be entitled to recover from the Recipient as an additional amount the amount of any GST payable on the Taxable Supply. The additional amount is payable by the Recipient at the same time and in the same manner as the Purchase Price is payable.
  - (d) The amount of any cost recovery or compensation for costs under or in connection with these Conditions shall be reduced by the amount of any Input Tax Credits (within the meaning of the GST Act) available in respect of those costs.
  - (e) A party to these conditions will not be obliged to pay any amounts in respect of GST to the other party unless and until a Tax Invoice (within the meaning of the GST Act) has been issued in respect of that GST.
4. **Payment, Default and Limit**
  - (a) Unless otherwise agreed by the Seller and the Buyer in writing, the Purchase Price shall be paid within thirty (30) days of the end of the month in which the Seller's invoice is dated.
  - (b) Time for payment of the Purchase Price shall be of the essence of the contract and if the Buyer fails to pay the Purchase Price when due, the Seller may treat the contract as repudiated by the Buyer or may, until payment in full is made, suspend delivery of the Goods the subject of the contract and any Goods the subject of any other contract with the Buyer without incurring any liability whatsoever to the Buyer in respect thereof. In addition, but without prejudice to such rights of the Seller, the Buyer shall pay compounding interest on a daily balance basis to the Seller on the overdue outstanding Purchase Price at the rate of 1.5 per cent per month from time to time until the Purchase Price is paid in full. Further, all moneys owing and outstanding to the Seller on any account whatsoever by the Buyer shall become immediately due and payable at the option of the Seller if any of the following events occur:
    - (i) in the case of a corporation:
      - (1) the corporation is dissolved or wound up;
      - (2) a liquidator or provisional liquidator is appointed in respect of that corporation;
      - (3) the corporation enters into a scheme of arrangement or composition with, or assignment for the benefit of, all or any class of its creditors, except if it does so in order to reconstruct or amalgamate while solvent on terms approved by the Seller;
      - (4) the corporation is or becomes insolvent within the meaning of that expression in section 95A(2) of the Corporations Act or any of the events mentioned in paragraphs (a) to (f) inclusive of section 459C(2) of the Corporations Act occurs in respect of the corporation;
      - (5) an administrator or a receiver, manager or receiver and manager is appointed in respect of the corporation or any of its assets and undertaking; or

      - (3) anything analogous or having a substantially similar effect to any of the events specified above happens;
  - (c) The Seller can at any time without notice to the Buyer alter or terminate the Buyers credit limit or terms. The Seller accepts no liability howsoever in the application of this condition.
  - (d) Any moneys paid by the Buyer shall be firstly applied to payment of all interest owing, secondly to any other costs which are applicable under these conditions of sale (if any) and thereafter any residual of the amount paid shall be applied against the Purchase Price of the Goods.
5. **Recovery**

The Seller may charge the Buyer with all reasonable expenses (including, but not limited to transportation, storage costs, collection and recovery costs and legal costs) incurred by the Seller to enforce payment of any debt owed by the Buyer to the Seller or otherwise in enforcing these terms and conditions of sale.
6. **Delivery**
  - (a) Any time or date named or accepted by the Seller for delivery, dispatch, shipment or arrival of the Goods or for tender of any documents is an estimate only and does not constitute a condition of the contract or part of the description of the Goods. The Seller shall not be under any liability whatsoever for the consequences of any delay as a result of any cause outside its reasonable control and, in particular, but without prejudice to the generality of the foregoing, the Seller shall be under no liability whatsoever for any delay in delivery, dispatch, shipment or arrival of the Goods or in the tender of any documents caused (directly or indirectly) by acts of God, war, riots, strikes, lockouts, trade disputes, fires, breakdowns, mechanical failures, interruption of transport, government action or by any other cause whatsoever, whether or not of a like nature to those specified above, outside the reasonable control of the Seller and in any such event the time for delivery, dispatch, shipment or arrival of the Goods or tender of documents may be extended by the Seller (or the Seller may cancel the contract without any liability whatsoever on its part). Time for completion, delivery, dispatch, shipment or arrival of the Goods or for the tender of any documents is not of the essence of the contract.
  - (b) In the event of production of the Goods or any part thereof by the manufacturer of the Goods being hindered or impaired or ceasing for any cause whatsoever outside the reasonable control of the Seller, the Seller may notify the Buyer that it is unable to fulfil the contract and may cancel the contract without being under any liability whatsoever save for an obligation to return to the Buyer any money received by the Seller in respect of the Goods at that time.
  - (c) Unless otherwise stated in writing the Seller may make partial deliveries or deliveries by instalments in any amounts it may determine and each such partial delivery or delivery by instalment shall be deemed to be separate contracts and these conditions of sale shall apply to each partial delivery or delivery by instalment.
  - (d) No return of Goods by the Buyer will be accepted by the Seller after a period of 60 days from the date of the Seller's invoice.
7. **Claims**

The Buyer shall notify the Seller in writing within seven (7) days of the date the Goods are delivered if the Seller is responsible for any shortfall in or loss or damage to the Goods delivered (these expressions include Goods which are defective or non-conforming) and shall ensure the Goods are kept intact for inspection by the Seller. Failure to comply with this provision shall, to the full extent permitted by law, disentitle the Buyer to any remedy in respect of the shortfall, loss or damage. (The Seller may at its discretion refuse Goods for return for any reason other than the conditions contained herein.) Without limiting the provisions of any other condition within these conditions of sale, the Seller's liability with respect to claims shall not exceed the Purchase Price of the Goods. The Seller may at its discretion replace Goods which are the subject of a claim, at no extra cost to the Buyer, and the replacement Goods shall be subject to these conditions of sale. The Seller shall not be liable for freight costs on Goods returned by the Buyer.

    - (ii) after giving 46 hours notice to the Buyer the Seller is entitled to enter upon the Buyer's premises between 9a.m. and 5 p.m. to inspect the Goods;
    - (iii) the Goods are to be stored separately and in a manner to enable them to be readily identifiable as the Seller's property;
    - (iv) the proceeds of any Goods sold are to be kept in a separate account and must not be mixed with any other monies, including funds of the Buyer;
    - (v) the Buyer must return the Goods to the Seller on demand;
  - (d) In the event that the Buyer fails to return the Goods following the making of a demand, the Seller is entitled to enter the Buyer's premises for the purpose of taking possession of the Goods and the Seller may resell the Goods to another person.
  - (e) The Buyer acknowledges that if it mixes the Goods with other products or items so that the Goods are no longer separately identifiable, the Buyer and Seller will be owners in common of the new product.
  - (f) The authority of the Buyer to sell the Goods does not extend to the making of any warranties or conditions which exposes the Seller to liability to another person (except as to the price, the terms of payment and like provisions) and the Buyer must ensure that to the full extent permitted by law all conditions, warranties implied or imposed by law are excluded and where such a condition cannot be excluded that the Seller's liability is limited to the full extent permitted by law.

- (v) the Seller shall be under no liability whatsoever for any defects (including any defect caused by the loading of the Goods) in, or deterioration or failure of, the Goods or any part thereof (or any goods supplied with the Goods or any part thereof) whether due to design, workmanship or materials or to any cause whatsoever unless the same is due to the negligence or wilful default of the Seller or its employees or agents. The Seller shall be under no liability whatsoever for any failure of the Goods (other than in relation to a substantial ingredient of the identity of the Goods) to correspond with any description (including without limitation, any description relating to quantity, dimensions, weight, place of shipment or other statements relating to transport of the Goods);
- (vi) the Seller shall be under no liability to the Buyer for any loss (including but not limited to loss of profits and consequential loss) of any kind whatsoever arising out of the supply or failure to supply the Goods.

11. **Health and Safety**
- It is the Buyer's responsibility to ensure that all applicable health and safety regulations are observed and other appropriate steps taken in relation to the storage, handling and use of the Goods and, where information is supplied to the Buyer on potential hazards relating to the Goods, to bring such information to the attention of its employees, agents, subcontractors, visitors and customers. 17. **Modifications**

20. **Storage of Information**
