Les Cheneaux Islands

WELCOME TO LES CHENEAUX!
(LAY-SHEN-NO)

We are a group of 36 small islands, some inhabited, some not, along 12 miles of pristine Lake Huron shoreline on the southeastern tip of the Upper Peninsula of Michigan.

French for, "The Channels", Les Cheneaux was so named for the many channels between the islands. More than three centuries ago, explorers and fur traders used these protected waters as much in their travels, as we do now for recreation and culture. Our 36 islands are anchored by the villages of Hessel and Cedarville.

YOUR ALL-SEASONS VACATION HEADQUARTERS

The Les Cheneaux Islands and surrounding areas are the perfect destinations for romantic getaways, great escapes, family adventures, and nature retreats on hundreds of acres of public lands.

In the summer there are beaches for sunning and swimming, marinas for boating and sailing, and vast waterways for canoeing, kayaking, fishing, and more. Join us every August for the Antique Wooden Boat Show!

The fun doesn't stop when it gets cold! Bundle up and join us on the 100+ miles of snowmobile trails, view the blue ice near Mackinac, and celebrate the winter season every February during Snowsfest!

Experience the
year-round beauty
of Les Cheneaux Islands
