NEWSLETTER

January 2026 – “New Year, New You”

A THANK YOU TO OUR CLIENTS

Archway is entering its THIRD year open, and we couldn't have had such an amazing year in 2025 without clients like you!

A Fresh Start:
Meds, TMS, Therapy or something else?

Where to start?

When you call/email our clinic we are happy to help! We will ask for your name, phone number, email, and address. We will also ask for your insurance (self-pay options available) and begin the preauthorization process while you fill out your intake paperwork (this is also available on our website, which you can send directly) This dives a little deeper into your past medical history and gives us a better view of what care would best suite you.

When & Where?

Most sessions are able to be scheduled in a week or less, with virtual options available for therapy and medication management. Deep TMS and Spravato is only available at our sister location, Bridgeway.

Hope & Help

From treatment for ADHD, anxiety, major depression, grief, etc, to gene testing, life coaching and youth support, we are here to help build upon your arch!

TOP NEWS

Staff Spotlight

We never would have made it through the Holiday Season without Haylee! Our Executive Assistant, Office Manager, and Spravato Tech. Make sure you give her a shout next time you see her!

Sunshine Stories

We're so grateful for all of the donations our staff and clients contributed to our friends at Pawportunities Animal Rescue and Sheps Place Animal Sanctuary.

Next Group Therapy 1.24.26

Our LPC Ramzee will be hosting our second group therapy session at our sister location, Bridgeway; focusing on addiction and SMART goals

Bridgeway is hiring

Are you a compassionate Licensed Professional Counselor? We want to hear from you! Email your resume to: info@bridgewayclinics.com or alexissinclair94@gmail.com
