

SNAP PARENT CARER FORUM
CENTRAL BEDFORDSHIRE

Who we work with

We have a Partnership Agreement with Central Bedfordshire Council and the Bedfordshire, Luton & Milton Keynes Integrated Care Board (BLMK ICB) to work collaboratively for the best outcomes for children and young people with SEND and their families.

**Bedfordshire
Community
Health Services**

This agreement sets out our shared commitment to parent carer participation, engagement, and consultation, vital for shaping, delivering, and reviewing services.

Central Bedfordshire Council and BLMK ICB deliver services for families, while SNAP PCF provides independent strategic and operational feedback to support the SEND Executive Board.

East London
NHS Foundation Trust

BLMK ICB commissions Bedfordshire Community Health Services and East London Trust and ensures they work with SNAP PCF as the strategic voice of parent carers in Central Bedfordshire. Together, we share ideas, deliver change to achieve the best possible outcomes for our SEND community.

**Bedfordshire, Luton
and Milton Keynes**
Health and Care Partnership

Department
for Education

We receive a grant from the Department for Education (DfE). This funding helps us keep parent carer voices at the heart of SEND services. It enables us to reach more people, strengthen our work and stay actively involved in shaping the policies and services that matter to our community.

Department
of Health &
Social Care

We deliver PINS (Partnerships for Inclusion of Neurodiversity in Schools) is a national project. PINS is led by the Department for Education, the Department of Health & Social Care and NHS England. The aim is to better support Neurodiverse children and their families directly within school settings.

NHS
England

Contact facilitates the grant we receive from the Department for Education and provides support, training and governance to us.

For families
with disabled children

We are part of the National Network of Parent Carer Forums (NNPCF), a collective of over 150 forums representing more than 80,000 families across England. This network gives us a stronger voice, access to shared knowledge and resources, and the chance to influence national policy for the families we support.
