Assisted Living in the Magic Valley

AssistedLiveldaho.com

The "Why"

There is a need in the Magic Valley to provide affordable assisted living, for people that no longer can cope with the responsibilities of maintaining a home.

Everyday tasks like laundry, housekeeping and home cooked meals, free up residents to enjoy various planned activities, their own personal projects and/or each other's companionship. Our caring staff believes in dignified and personalized care and provides assistance with bathing, dressing, personal care, medication management, and supervision as needed. Assistance is unobtrusive with respect for the individual.

All staff are med certified and administer medications at the direction and supervision of an on-staff registered RN. We pride ourselves on quality of care, the kind of care you expect and your loved one deserves.

Should your loved one require independence in a safe and caring environment, contact us to discuss our services, or to arrange a visit. We look forward to meeting you!
