

EmployABILITY Soft Skills

Our Program

Employers require their workforce to demonstrate EmployABILITY Soft Skills. Based on over 30 years of soft skills training experience in the global private business sector, Microburst Learning developed a turn-key certification system for **cultivating** students' soft skills. This program has been directly reengineered from the business world to the world of education. Our blended learning approach includes:

1. Online Pre-Assessment and Individualized Evaluation Report
2. Highly Interactive Online Lessons
3. Instructor Certification
4. Comprehensive Instructor Guides with flexible classroom activities to meet a variety of schedules and class sizes
5. Post-Assessments
6. Student Certification

"This has been the most informative and useful training I have attended in my 10 years of teaching experience!"

What a Student Says

"I have grown as a person and have learned things that I am using in the real world today. Since I am in the stages of becoming an adult this lesson is really helping me get a strong grip of the world that is ahead of me and I can honestly say that I am ready for it. I am learning how to control my facial expressions and solve conflict in a positive way. I am glad that I am able to look back and see how much progress I have made. I am truly becoming a happier person and a more positive person. I am even starting to influence others to become more positive."
