

Plexi Add-on Panels

Add protection while still maintaining an open feel with our clear plexi add-on panels or add additional privacy while still letting light in with our frosted plexi upgrade option. Featuring a quick connect locking bracket design, our add-on panels install easily onto any new or existing panel.

Laminate Add-on Panels

Increase privacy and add protection with our laminate add-on panels. In addition to the added protection, our plexi and laminate add-on panels are also easy to clean. Install our laminate add-on panels to any new or existing panel easily with our quick connect locking bracket design.

Plexi Cleaning Instructions:

To clean the plexi without causing damage, use dish soap mixed with water then wipe using a microfiber cloth.

Warning:

Do not use windex or paper towels to clean plexi. Using these products can cause streaking and scratching.

Laminate Cleaning Instructions:

To clean the laminate without causing damage or discoloration, use one of our recommended cleaners to disinfect and combat the existence of germs, bacteria and viruses.

Recommended Cleaners:

- Windex
- Glass Plus
- Fantastik
- Mr. Clean
- Formula 409
- Purell Multi-Surface
- Isopropyl (rubbing) Alcohol
