

Laminate Freestanding Divider

From the boardroom to the classroom, our versatile freestanding laminate divider panels will add privacy and protection to any high traffic area or shared workspace. Available with both glides and casters, our freestanding dividers are a simple, quick and effective way to get the added protection your employees and guests are looking for. Constructed with a laminated wood core surrounded by an aluminum frame, our freestanding divider panels are both sturdy and easy to clean.

Laminate Cleaning Instructions:

To clean the laminate without causing damage or discoloration, use one of our recommended cleaners to disinfect and combat the existence of germs, bacteria and viruses.
