

TABLES & BASES

Crucial

The Crucial collection is an affordable table base option that covers all of the basics that every office needs. It features 29 different bases including T&C Leg, Column Leg, and standing height X-Base configurations. The classic structure is a great option adaptable to any environment.

Rigid

The Rigid table base collection combines easy assembly and hundreds of paint combinations with a well designed contemporary frame. The bases are both useful and attractive with coordinating fixed height T&C Leg, X-Base, and Flip-Top options. Any office environment will appreciate the style, quality construction and durability this collection has to offer. Engineered and tested for dependability.

Slant

The Slant table legs accommodate a large range of installation options. Featuring three different heights, built in wire management and a large color selection, this sturdy base is sure to assist with any design. Sophisticated and remarkably strong with its large mounting plate and heavy gauge steel construction, this modern take on the fixed leg base was designed to last and impress.

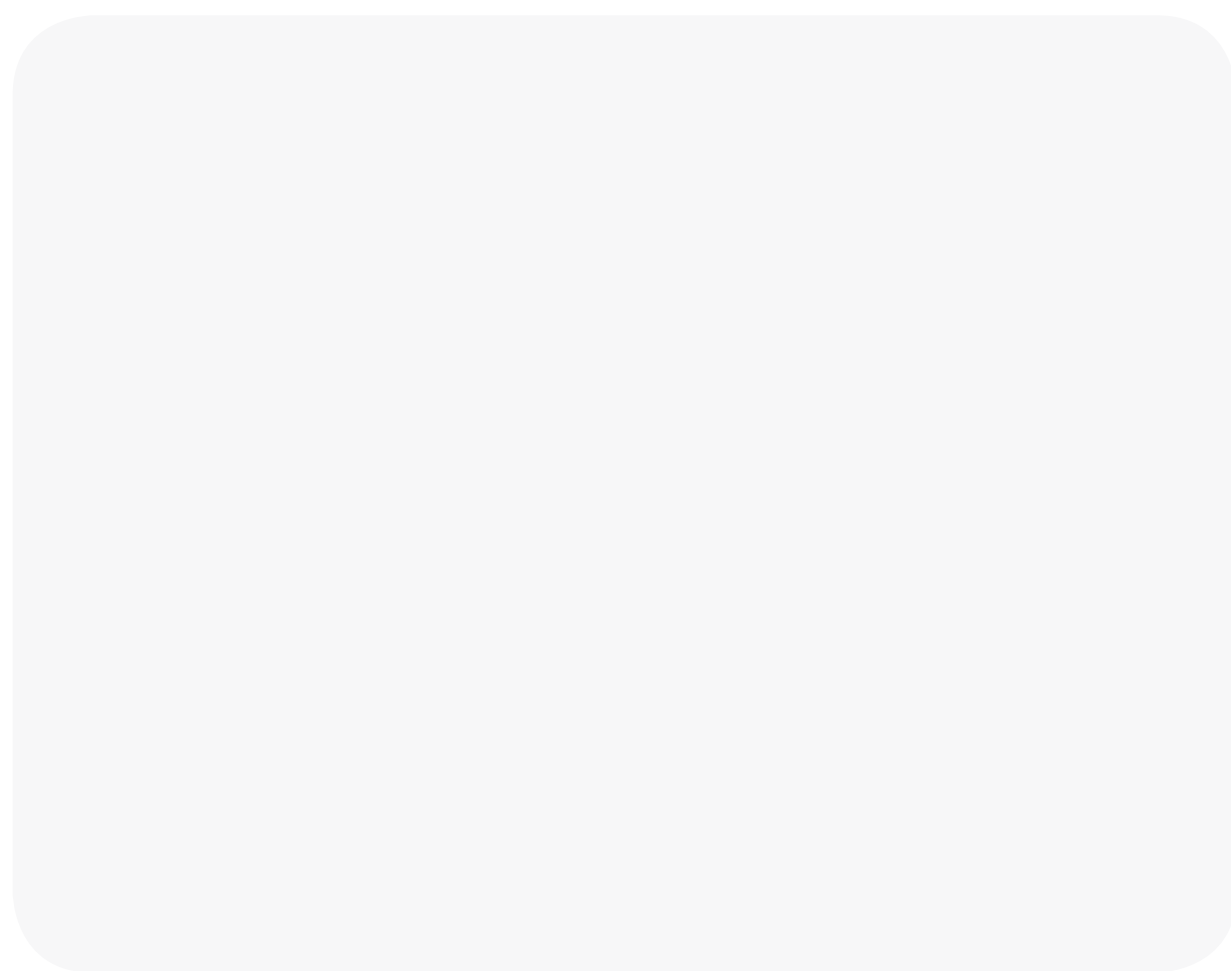

Sculpt

Introduce an element of sophistication with the Sculpt table base. This base maintains clean simplicity with its twin vertical lines accommodated by opposing parallel planes, creating an attractive art-deco aesthetic. Precision laser cutting combined with high quality steel gives this fully welded leg the strength it needs to stand up to the busiest of office environments.
