

PIVOT

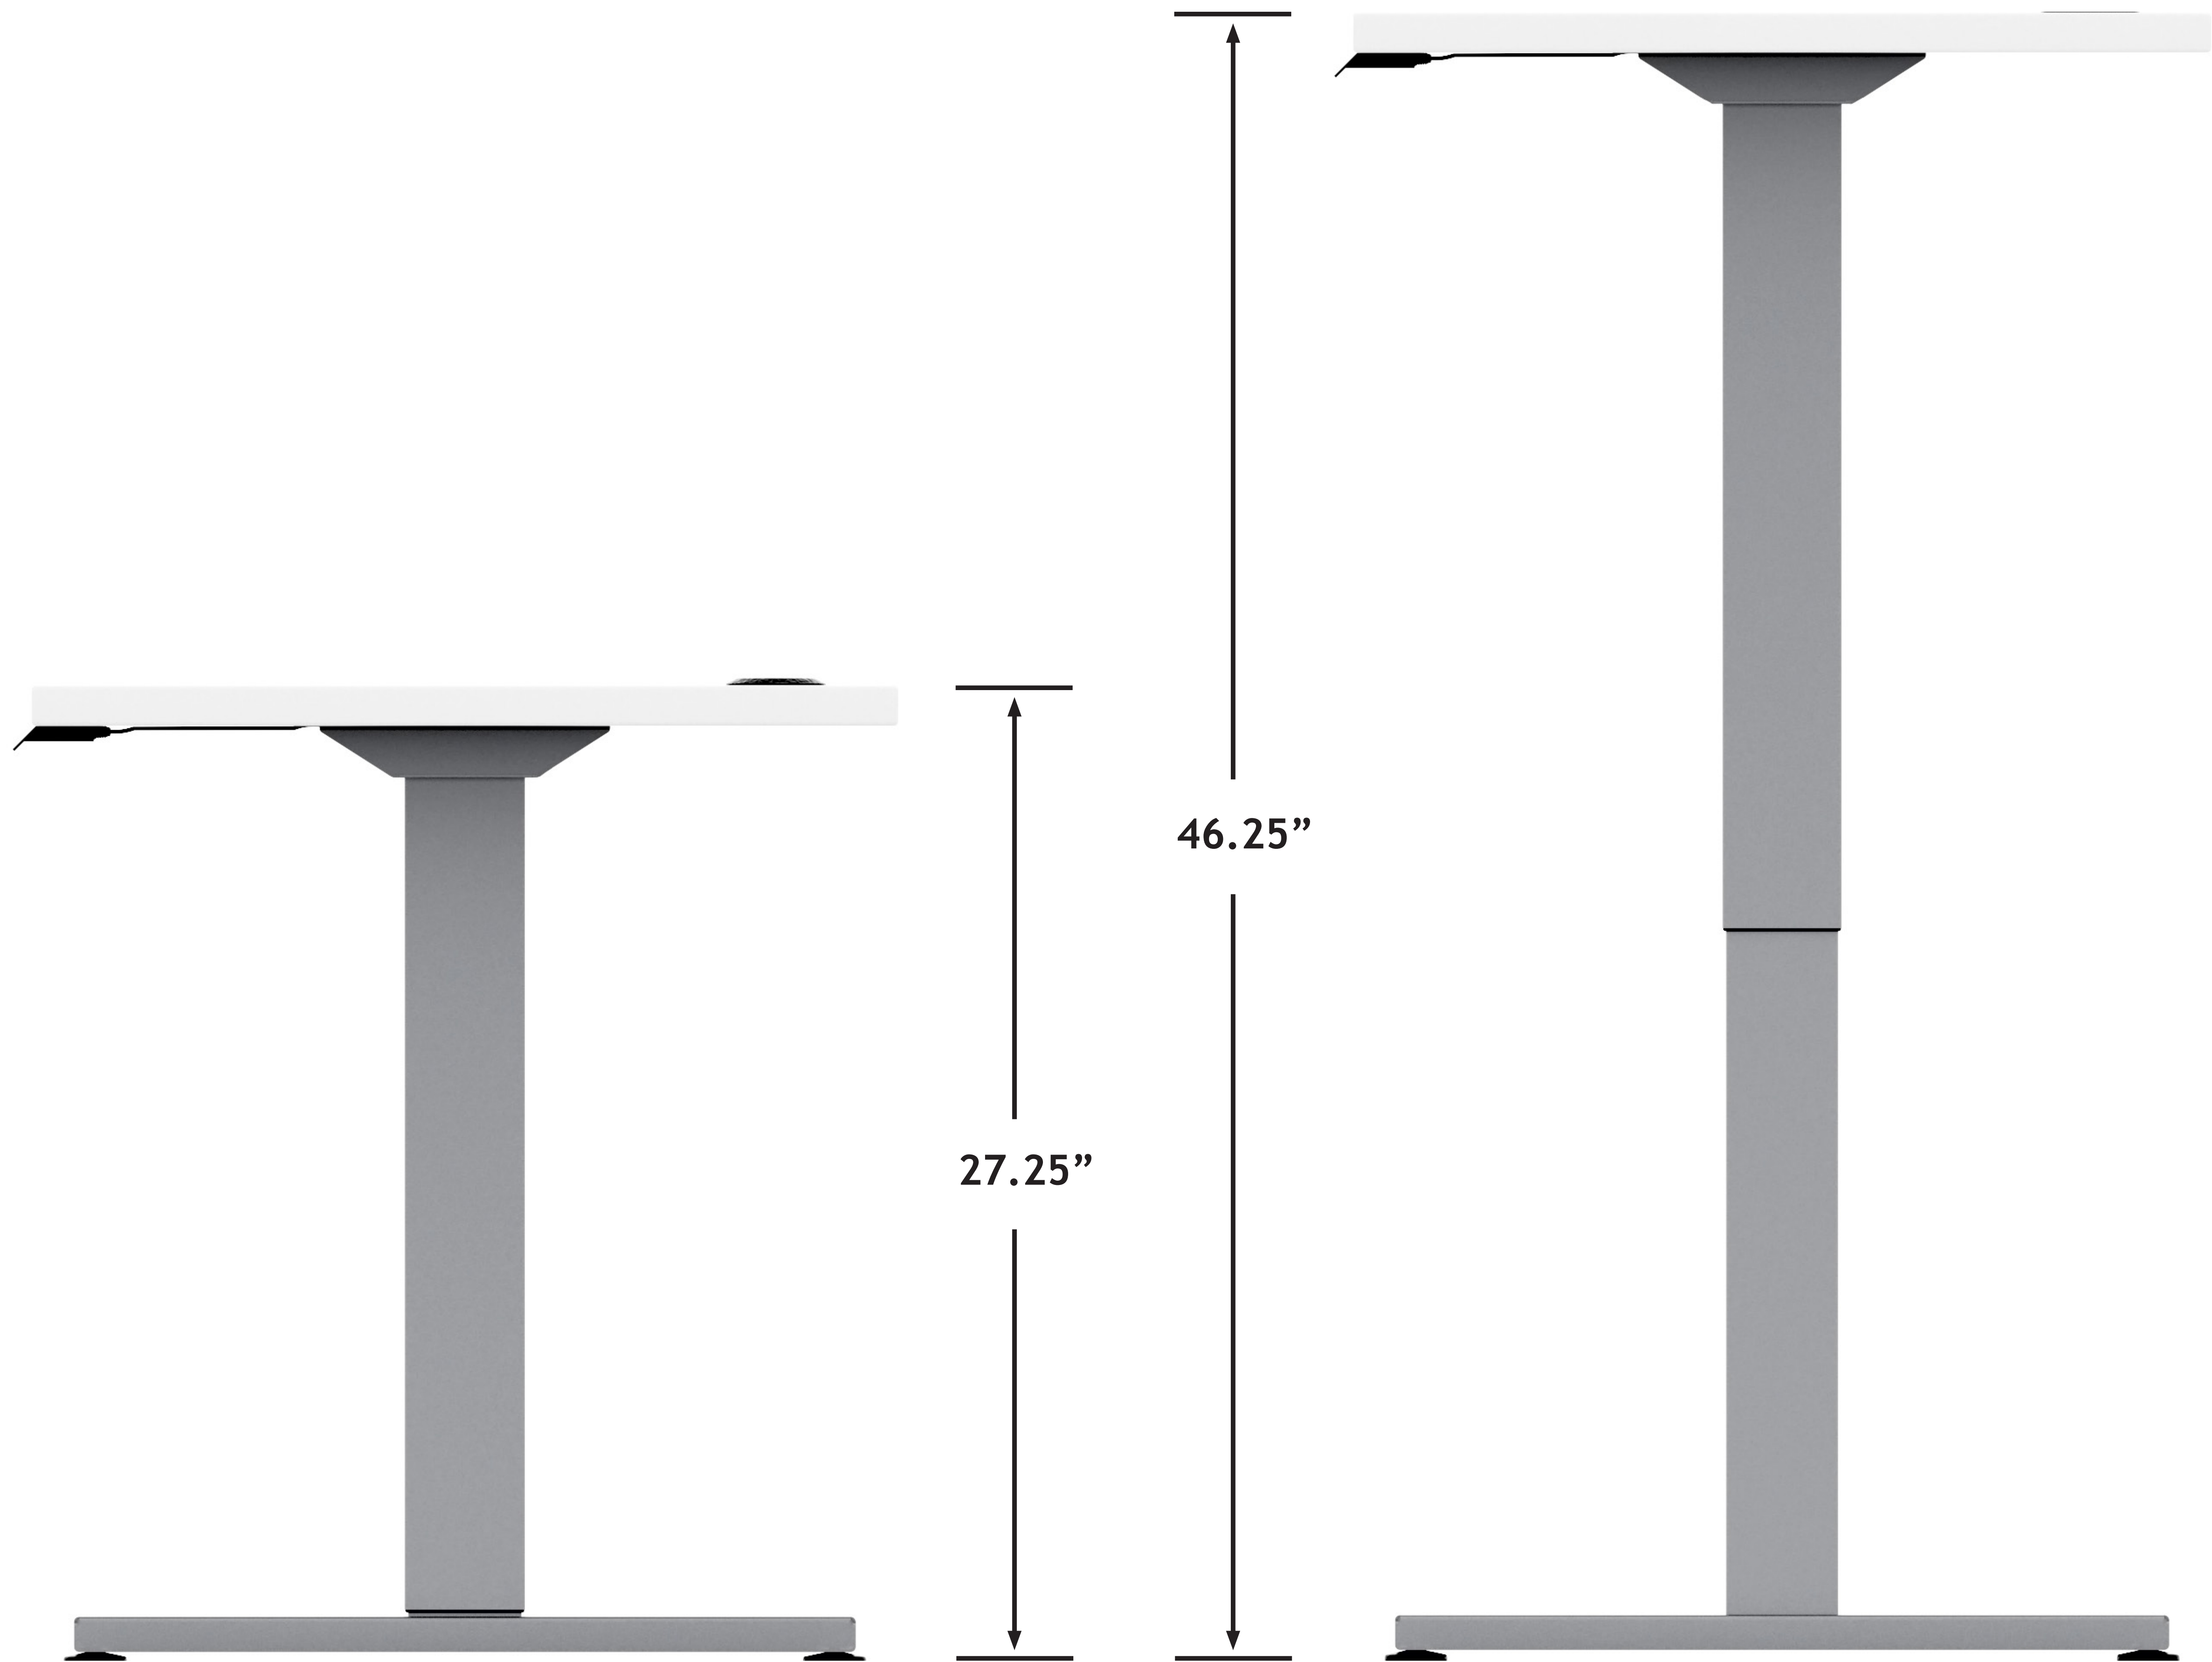

BUILT TO LAST

Our Pivot height adjustable base is manufactured in the United States using high quality steel, combined with precision laser welding. Appreciate the style, quality construction and durability the Pivot table base has to offer. Engineered and tested for quality and dependability.

The Pivot table base checks off all the necessities. Program a sitting and standing position into the up/down handswitch and save time during installation with its fully welded design.

LEG TYPE	STROKE LENGTH	HEIGHT RANGE	TRAVEL SPEED	MAX WEIGHT	NOISE LEVEL
Single Stage	19"	27.25"-46.25"	1.375" p/sec	250lbs	<50

FEATURES
